Significance of Samskaras

Mysore, May 21

The ancient sages of India prescribed certain rituals called Samskaras to furbish the body and the soul. By a process of cleansing and removing the impurities really excellent qualities of the individual were developed, so as to enable him to enjoy life in a wholesome manner, said Pandit A.S. Venkatanathan of the Department of Sanskrit, Mysore University, while speaking at the Sarvabhashasha Sara swathi Sangha here.

Sixteen Samskaras of a major character are mentioned to be performed at specified junctures beginning from the time of impregnation (Garbhadana) and ending with the last rites of Anthyeshti. The life of a Hindu was coterminous with the process of education, and education itself was described as that which liberates and elevates man. The Samskaras are intended to bring genuine happiness to the senses as well as the soul. Pleasures and happiness of the senses were to be not at variance with Dharma but strictly in accordance with Dharmic injunctions. The four Ashramas, namely, Brahmacharya Grihasthashrama, Vanaprastha and Sanyasa were intended to regulate the educative process and the well-being of the society in general, said Pandit Venkatanathan.

Prof. M.V. Jambunathan, President of the Sangha, welcomed the gathering. Sri Rama Sastry proposed a vote of thanks.

Kalpana

Sir-Minugutare (Twinkling Star) Kalpana is no more. Her sudden and untimely demise at a very very young age has come as a great shock not only to her close relatives and wellwishers but also to her innumerable devoted fans.

What a pity! Her brilliant career has ended almost in anidtentical fashion of that of popular American Actress Marlin Monroe. She just acted only in about 30 films during her film career of 12 years, but her superb acting surpassed the performance of any other actresses. What a remarkable achievement!

Being an artist of extraordinary talent and international repute, news of her demise was rightly covered by AIR authorities in their regular News Bulletin at 6 p m. and 9 p.m. on 12-5-79. Her contribution to Kannada film industry is immendse.

"Zameer" - Poet With A Divine Voice

—Iqbal Fareed

Zameer Aaqil Shahi, the renowned Urdu poet of Mysore, was snatched away from our midst on the fateful day of May 8. Akhil Shahi lived a pious and revolutionary life in cognisance of his pen-name, "Zameer".

He was born in a small village, Hosakere, near Mandya, about 70 years ago. His father, Zaheer A. Shahi, was also a famous poet, scholar and freedom fighter. Zameer's great grand-father was the court scholar and a personal teacher of Tipu Sultan.

After acquiring his early schooling in Islamic oriented schools of Kurnool, Vaniambadi and Bangalore, Zameer set out to devote his studies on semantix and syntax of Arabic and Persian languages.

Zameer A. Shahi's phenomenal success as a poet was legendary. His poems written as a boy alone produced remarkable reaction from the young blood of the dav.

Zameer's two collections of poems, "Lala-e Sehra" (Tulip of the Desert) and 'Ujalon kaSafar" (Journey of the Lights) are very popular. The second one contains about 42 poems. Many of them are on our national leaders, poets, festivals and developmental programmes. Here he has left his indelible impact on the comparative description of the beauty of Karnataka with that of other places

As a poet, he has paid appropriate tributes to his counterparts in Kannada language like Bendre and Kuvempu in his poem "Karnatak". He has also admired the works of Pampa, Ranna and others. Just recently about 200 copies of his anthology was acquired by the Central Library through Rajaram Mohan Roy's fund.

The Urdu poet lived a poor and lonely life till his last breath. (He leaves no descendents.) He had a very limited business of selling agarbathies and scent packets to eke out his living' He was promised a monthly honorarium, but he never received it. Zameer died a silent death in utter destitution.

READERS' FORUM

Where Is Your Beauty ?

Sir,- I seek the courtesy of your columns to bring to the notice of the authorities concerned the problems facing the so called "Beautiful City".

Mysore has lost its charm. Cleanliness here has given place to dirtiness. There are no proper dustbins, water supply or sanitation. The authorities have neglected the civic needs.

For instance, in the main bus stand of the city, there is only one dustbin. As a result rubbish overflows and presents a nasty look to the visiting public The surroundings of Devaraja Market and Botty Bazar are dirty and filthy I am afraid in course of time, this area will become the centre of many diseases.

What caught my eyes while going round the city was a prominent banner displayed near the Central BusStand—' YOUR'S IS A BEAUTIFUL CITY. KEEP IT CLEAN—MYSORE CITY CORPORATION'. Is this not an eye wash ?

Government Dowry For Widow Remarriages

Sir,-Karnataka Government's recent decision to give Rs. 3000 to persons who marry widows is another instance which clearly proves beyond an iota of doubt that the Government is out and out for cheap popularity. Stigma of Rs. 3000 attached to the so called welfare measure for the upliftment of widows will certainly do more harm to them.

I do concede, while our socitey permits a widower to remarry without any restrictions or whatsoever, the the same society should also encourage widows getting remarried. Well, there are certain things which cannot be achieved either by enacting laws or by holding out cash incentives.

This cash incentive is a very dangerous measure which will spoil the career of many widows. Government will just give Rs 3000 and stop at that stage. It will not (in all fairness it cannot also be expected) to satisfy itself whether the money so given has really served the vital purpose i.e, whether widow remarriage is a real success in its true spirit I am affraid such a measure will only provide wide scope for mis use of public money. It will also result in inexplicable agony to widows.

It is a pity that while from one end the Government is launching sterning steps to end the dowry system, the same Government itself is indulging in a more harmful thing i.e., in giving dowry to the persons marrying widows. This is really funny.

In my opinion the Ministry attached to Women and Children's Welfare would be doing an excellent job in not giving wide publicity in such matters but affroding all necessary help in really deserving cases after thoroughly verifying the bonafides in each case. This should not be a difficult job for them. This can be done effectively by entrusting this noble work to the welfare inspectors. Such a gesture on the part of the Government will definitely provide ample employment opportunities to many.

One of my close friends has married a widow without making a big fuss about it 'Persons of this type' is actually what is required. It should be a case of VOLUNTARY GESTURE and not a FORCED ONE by any other means.

PLEA FOR CHEAPER CONFECTIONERIES

Mysore, May 25

Sri Jagadambi Prasad Yadav, Union Minister of State for Industry, called upon confectionery manufacturers here today to produce protein-rich confectioneries at cheaper rates for overcoming malnutrition among the rural children.

Inaugurating a two day symposium on status and prospects of confectionery industries in India at the Central FoodTechnological Research Institute, he said that the big industries manufacturing confectionories should not forget the small scale industries engaged in producing sweatmeats, particularly in traditional types.

Such small units could be found at all important villages. They supplied sweat meats and other items to children at very nominal rates. The items produced by the big industries were generally beyond the reach of the poor in the villages, where a predominent section of the population lived. The symposium, therefore, should consider how it could meet the demands of these people, he said.

He told scientists it was no use if they continued to cater to the needs of the urban elite only. They should go to the villages and study the problems and requirements of the poor. They should not forget the traditional developments that had taken place in the rural areas.

He praised the CFTRI and said the country was proud of the Institute.

Sri R Badrinarayan, President of the Indian Confectionery Manufacturers' Association, regretted the lack of proper training in confectionery industry. Dr. B P. Baliga, Director of Research, Tomco presided. Sri C.P. Natarajan, CFTRI Director, welcomed and Dr. J.V. Prabhakar proposed a vote of thanks.

Meditation and Medical Science

Mysore, May 28

Every person born in this world aspires for happiness. The present day rapid advances in science do no doubt enable man to enjoy worldly pleasures in abundant measure, but they are not always conducive to the attainment of peace of mind and mental tranquility which are the essential ingredients of happiness. It is the mind that is responsible for creating the feeling of happiness or unhappiness, and consequently attention should be paid to develop the mind on sound and healthy lines in order to attain happiness, said Dr. D.Ekanthappa, Professor Physiology, Mysore Medical College, while speaking at the Sarvabhasha Saraswathi Sangha recently.

The developed nations of the West are now rolling in wealth and luxury. Science has made them enjoy the pleasures of life, but this has made them more self-centred and egoistic. Mental peace and tranquiliy are completely absent. India on the her hand is a country where God matters, and Truth matters most. That God resides in our hearts and not in the lofty Himalayas is a basic principle of Indian lore. There is thus no need for any attempt to reach God; the mind must be trained to perecive this God who is within ourselves, he said.

Yoga and meditation help to attain tranquility. The mind is fickle and unsteady, but it can be controlled by perseverance and proper environment. Breath is synonymous with the mind. The ancient stages of India have designed the practice of Pranayama to control and regulate our breath, and thereby control the mind. Pranayama consisting of the three stages, namely, Puraka (inhalation), Kumbhaka (holding the breath) and Reehaka (exhalation) helps diffusion of gases into the body, controls the mind and also activates the Kundalini, the Sacral Plexus at the bottom of the vertebral column.

Meditation has a beneficial effect on the cardio-vascular system. The pulse rate is reduced : this state is known as brachy-cardiac which is very good physiologically. It lowers blood pressure in the case of persons suffering from high blood pressure. The chlorestorol is powered, the deposit of calcium is minimised, the power of resistance to disease is enhanced and the life span of the individual is considerably increased, said Dr. Ekanthappa.

Prof. M. V. Jambunathan, President of the Sangha welcomed the gathering. Sri A. Narasimha Sastry proposed a vote of thanks.

Sir,- Apropos news item appearing in your esteemed daily of 21st instant in connection with grant of cash incentive of Rs 1000 to the Deputy Commissioner, Mysore District, for achieving the target in small savings scheme in record time.

I personally feel the publicity in this regard should be in respect of the sub-ordinate staff (such as Inspectors etc.) who have actually toiled hard for the promotion of small savings In fact I have myself personally seen these Inspectors paying visit to various Government Offices/Private Establishments explaining the advantages of several schemes sponsored by the National Savings Organisation.

I hope the outstanding work turned out by them has also been amply rewarded by grant of cash incentive to them

READERS' FORUM

Repairing Chandraguptha Road

Sir,-I am bringing to the notice of the concerned authorities that since one year the Chandragupta Road is under repairs for one reason or other. The whole length of Chandragupta Road from the old Statue Square up to the Ritz Hotel was dug up to lay a new pipe-line. The laying of pipes and repair works took some months, during which period, the public had to suffer a lot.

Not withstanding the inconvenience suffered so far, the pipe-line just opposite Bababudan Coffee Works burst open about a week back. The concerned authorities took immediate steps to repair the same. But, the ditch opened in this behalf remains open.

As vehicular traffic cannot move on this Road, it has been diverted now to the Halladakeri Road. The Halladakeri Road is not wide enough and the residents are in the habit of tethering their cattle in front of their houses, causing inconvenience to the public and vehicular traffic Besides, at the entrance of the Halladakeri Road from Asoka Road, some fruit vendors block the road also with their push carts. It is next to impossible to negotiate vehicles in the small lane in the Halladakeri Road. On more than one occassion complaints have been given to the concerned authorities in this behalf But they have not taken any steps to improve the situation so far.

Also some persons with ulterior motive have blocked the Chandragupta Road by putting debris and slabs of stones in the middle of the road, thus causing hindrance for free passage.

In the circumstance I request the Municipal Commissioner to inspect the spot and take needful steps to repair the Road immediately.

Party Notices To Khan, Shariff

—T.N.N. Murthy

Mysore, June 4

Sri T.N.Narasimha Murthy, General Secretary of the KPCC (I), said here today that show-cause notices would be issued to all those, including Messrs F. M. Khan and C. K. Jaffar Sharief, MPs, who had made statements violating the party discipline and affecting its prestige in the State.

A Neglected Road

Sir, - Apropos the letter of Sri C.B.M. Chandraiah published on May 30 in your esteemed daily, I wish to further bring to the notice of the concerned authorities that there is a 'pit' opposite the Wesley Church where the Chandragupta Road links with the main B.N. Road.

Inspite of frequent repairs on this road, causing great inconvenience to the traffic, this pit is not covered permanently as a result of which water gushes out frequently from the underground drainage.

Secondly, the diversion of the Government buses through B.N. Road between Hardinge Circle and Wesley Church since last one year on account of repairs of the Chandragupta Road is also causing great inconvenience to vehicular and pedestrian traffic in this piece of road, where two picture houses are also located. I hope the authorities would look into these problems also.

Drawing Teachers' Course

Sir.-The Department of Education has announced in papers about three weeks ago that it has suspended the recognition for Drawing Teachers' Certificate Course that was being conducted in Sri Kalaniketan School of Arts during 1979 80. The announcement is made without intimating the Head of the Institution himself. The Department has also forbidden admission of studens to the school and also has cautioned them that if they join the institution they will be taking a risk.

Now I whish to bring it to the notice of the Department that Sri Kalaniketan is the only private art institution which is providing education in art to the students coming from Mysore as well as from Hassan and Mandya Districts. It has put in valuable service for the past 25 years and trained several candidates for the course in these past six years.

In the circumstances, I need not say it is not at all fair on the part the of Department to do away with Drawing Teachers' Certificate Course once for all. It is only imperative that more encouragement should be given in the present time when more and more art teachers are needed in the various schools of the State Government It is a pity that Government is not recognizing this fact. Hence, may I request the Government in the interest of the public to continue the recognition as before.

Sanskrit A Unifying Language

Mysore, June 8

Though the people of India were speaking different languages like Prakrit, Apabhramsa, Dravidian, etc., the Sanskrit language served as the medium of communication among the scholars. It was a comprehensive language containing an enlarged vocabulary and it acted as a great unifying factor, observed Prof. R.K. Mudaliar, Head of the Department of Hindi, Karnatak University, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

Various languages developed differently In the South, we had Tamil, Kannada and Telugu which is called the Italian of the East. Malayalam which was a dialect of Tamil developed in due course into a separate language. Urdu acted as a kind of lingua franca among the people of the North Gujarati and Oriya developed during the 12th century, he said.

Prof. M.V. Jambunathan, Sangha President, welcomed the gathering. Sri G. Sachidananda, Hindi Professor, proposed a vote of thanks.

DCC (I) CHIEFS WARN AICC (I)

(From Our Correspondent)

Bangalore, June 11

While expressing its support to Chief Minister Devaraj Urs, the meeting of the DCC Presidents and Secretaries yesterday told the party High Command not to precipitate matters and create an atmosphere of instability at the State-level.

A resolution adopted by the meeting, which was presided over by Sri Siddarama Reddy, Vice-President of the KPCC (I), said that it noted with concern the deliberate and calculated move of some persons in the State to attempt to destabilise the established Government under the leadership of Sri Urs.

The party was strong at the grass root and State levels as evidenced by the election held for all the local authority institutions, it said and appealed to the High Command not to fall a prey to the mechanizations of the few self-styled interested persons at the cost of the integrity, unity and honour of the party in the State.

The resolution said the meeting was aware of the fact that Sri Urs was an elected President of the KPCC (I) and any view contrary to his position was untenable. While urging the High Command to observe the highest traditions of democracy, the meeting observed that if this sincere appeal was lightly treated and process of destabilisation was resorted to, the High Command would be answerable not only to the AICC (I) General Body, but also to the people of the country.

AICC (I) General Secretary A. R. Antulay has taken exception to the resolution and the tone of it The High Command official resolution asking Sri Urs to step down as KPCC (I) President is expected to reach here today Meanwhile, Sri Urs has received a number of telegrames e en form other party leaders congratulating him on the bold stand taken. The Bengal unit has invited him to preside over a meeting of the Congress (I) workers.

Cabinet Meeting Today

(From Our Correspondent)

Bangalore, June 11

A crucial meeting of the State Cabinet is being held today at 4p.m. The political situation is likely to crop up in the meeting. Chief Minister Devaraj Urs has to face two dissident colleagues, Messrs Basavalingappa and R. Gundu Rao, his staunch opponent, in the meeting.

Political uncertainty looms large and shape of things to come is difficult to be predicted. Although rumours of a Cabinet reshuffle is being denied, political sources predict that changes would be imminent. The names of Gundu Rao and Smt. Manorama Madhwaraja are being mentioned prominently in this connection. Sri Urs' opponents are also gearing up their campaign and expect sudden developments. Urs' group is however confident of facing the situation.

There is improvement in the health of Sri Urs. His temperature has come down, although his jaws are still swollen. Congress leader C. Subramaniam had talks with him here yesterday.

Planning Of Science Distorted, V-C

Mysore, June 11

The planning of science and technology in India since Independence had taken a distorted path and the present scheme of developmental planning was proceeding on the basis of crores of rupees spent rather than on that of physical achievements, according to Vice-Chancellor K. S. Hegde.

Inaugurating the National Institute of Engineering Teachers' Association on Saturrday, Prof. Hegde said that in the present context of populist policies and pressure group politics, scientists and technologists were beset with the predicament of playing second fiddle to the policy-makers at all levels.

He said that what was lacking in India for decades was an awarenes on the part of the people that science and technology was part of their social, cultural and economic life. Students and teachers of science and technology had to play a big role in weaning people away from this erroneous but deep rooted impression and in integrating modern science and technology with the daily life of the community

Sri G. Subrahmanyam, President of the Governing Council of the N.I.E., presided. Sri M. Sathyanarayana Rao, President of the Association, welcomed the gathering. Sri A S. Gopala Rao, Joint Secretary, proposed a vote of thanks.

Third Class Roads

Sir,- The roads in Mysore City, barring the two main roads - Ashoka Road and Sayaji Rao Road - are in a very bad condition. In the northern parts of the city, N. R. Mohalla and Mandi Mohalla, the roads are full of deep pits No tonga or autorickshaw can pass on these roads without giving jerks and jolts. The condition of the Pulikeshi Road is still worse.

These roads are a good testing ground for our vehicles and their absorbers. The skill of bus and lorry drivers prove useles. Yet these are the roads mostly used by the people. They have tolerated this trouble for quite a few years without a murmur

I hope the Corporation will turn its attention to repair these roads now at least.

Dharma - a Unique Indian Concept

Mysore, June 12

The three steps to salvation according to treatises on Dharma are firstly Samyak-Darshana or the faculty of perceiving God which is the outcome of faith as well as purity in thought, word and deed. Secondly, Samyak Jnana or true knowledge of the Supreme Being. Thirdly, Samyak-Charitrya or good conduct which would relieve one from the eternal worldly turmoil and load him to salvation and eternal bliss, he said.

Prof. M V. Jambunathan, President of the Sangha, welcomed the gathering. Sri Narasimhiah proposed a vote of thanks.

Duping Nursing Homes

Sir,- Our recent experience has revealed that barring a few private nursing homes which are really serving the public with dedication and devotion, a number of private nursing homes are carrying on their business with the motto of making money at the cost of poor people.

My twin brother, who passed away recently, was one of the victims to undergo mental and physical torture in one such very badly managed private nursing homes. He was no doubt shifted to a good nursing home at a later stage but sufficient damage had already taken place. Despite best medical attendance and treatment given to him at the new nursing home he did not survive.

What really pains me more is that when persons handling the case are fully aware that they do not possess adequate facilites in their own nursing homes to treat a particular patient, they do not want to express their helplesshess (with grace) and direct the patient anywhere-else but continue the treatment in their own nursing homes with the sole intention of grabbing as much as they can. This is really very bad. The charges levied by some of the private nursing homes do not at all compare favourably to the quality of the treatment that is being extended by them

In this connection I cannot help recollecting a news item appearing in one of the weeklies published from Bombay. It appears an young man who developed suddenly acute stomach pain was forced to approach a private hospital for treatment. The doctor who examined him got this patient immediately admitted The poor fellow was kept there for a few days, given only Baralgan tablets and in the end he was charged heavily. The patient somehow managed to clear the fat bill after begging and borrowing

It is high time the Director of Health Services orders for a thorough study of the working condition of all the private nursing homes in the State. without any further delay and duping nursing homes closed at once to save the precious lives of many persons.

BANGARAPPA DISMISSED

Urs Likely To Form New Ministry

SWIFT DEVELOPMENTS EXPECTED

(From Our Correspondent)

Bangalore, June 16

Saturday will be a significant day in the recent political development of the State and by tonight a new chapter is expected to be opened with swift developments, including the formation of a new Ministry by Chief Minister Devaraj Urs.

By dissolving the Karnataka Pradesh Congress (I) Committee headed by Sri Urs and appointing a 11-man ad hoc panel headed by Sri Bangarappa, PWD Minister, the Congress (I) Working Committee has pushed the ball into the court of the Chief Minister now.

A stream of visitors, including a number of loyal Ministers, called on Sri Urs this morning at Balabrooie. Although still ailing, Sri Urs is busy preparing himself to face the new challenge thrown by the CWC(I). It is learnt that Sri Urs has kept the Governor informed of the latest developments.

The first move came this morning, when after consulation with Chief Secretary Narasimha Rau and Special Secretary J.C. Lynn he forwarded to the Governor the letter dismissing PWD Minister S. Bangarappa from the Cabinet. Accordingly, the Governor dismissed Sri Bangarappa from the Cabinet shortly before noon.

The Cabinet is meeting at 4 30 p.m. and it is learnt that the Chief Minister will obtain resignations from all the Ministers and a new team would be announced in the night itself. The names of those who fail to concede to his request to resign would be recommended to the Governor for dismissal. This move has been appreciated by the Congressmen as an effective move to meet the challenge thrown by Smt. Indira Gandhi.

The Congress (I) circles appeared to be the least perturbed by the High Command's action. A member said that the Delhi action was expected. In fact it had cleared the way for further course of action. They expect that the next move of Smt. Gandhi would be to harp on the Legislature Party leadership itself.

Taking the excuse of the Grover's report, they feel that attempts would be made to displace Sri Urs as the Chief Minister. It is likely that Smt Gandhi would visit Bangalore next week either to induce confidence in her new party or to create more confusion and to embarass the Government.

After the crucial cabinet meeting, the KPCC (I) executive at 5 p.m and the Legislature Party executive at 6 p.m. are scheduled to be held. They are likely to reaffirm their support to Sri Urs. Withhout minding his health Sri Urs exerting every nerve to keep his and his party's prestige high.

Meanwhile, a big board has appeared in front of his bed room in Balabrooie requesting visitors not to disturb the Chief Minister till next Wednesday!

Sri Bangarappa is also meeting the Press at 4 p.m.

City Rural DCC Backs Urs

Mysore, June 18

The Mysore Rural District Congress (I) Committee has solidly supported the stand taken by Chief Minister Devaraj Urs, Sericulture Minister K. B. Shiviah said yesterday.

An emergent meeting of DCC-I Executive Committee and all the 11 Taluk Congress (I) Committee Presidents, held hardly within 24 hours after the CWC (I) decision, has adopted a resolution criticising the stand taken by the High Command against Sri Urs.

It said that the CWC (I) decision hit at the very roots of the Congress (I) in Karnataka. While congratulating Sri Urs for his bold stand, it said that the Chief Minister continued to be the KPCC (I) President.

While rejecting the reported statement by the KPCC (I) ad hoc President S. Bangarappa dissolving the district and taluk committees, the Rural DCC (I) said that it continued to be the official committee and no body could dissolve it until the next elections.

The meeting was attended by 22 out of 23 executive committee members, all the 11 taluk committee Presdents, Messrs G. Raju Gowda, Kollegal MLA, K. Made Gowda, Bannur MLA, and Sri K. B. Shiviah. Rural DCC (I) President Mallikarjunaiah presided.

Sri Shiviah said that all the 14 MLAs, two MLCs and one MP elected from Mysore District were solidly behind Sri Urs.

Janatamen Eager To Join Urs Group

(From Our Correspondent)

Bangalore, June 18

The developments in the Congress (I) in Karnataka is also likely to hava its impact on the State Janata Party.

A number of Janata Party members have sounded the Congrers (I) in this connection, it is said.

Chief Minister Devaraj Urs is in an impregnable position as leader of the party in the State. At the Congress (I) Legislature Party meeting last night 133 out of 155 MLAs and 25 of the 28 MLCs who attended expressed their unstinted support to their leader. The number of MLCs supporting Sri Urs increased to 26 today with Sri Shanta Mallappa supporting thepro Urs group

Sri Urs will look after the portfolios of Messrs S. Bangarappa and R. Gundu Rao, who have been dismissed from the Cabinet.

As already reported by our corresponpent, Smt. Indira Gandhi is visiting the State for three days from June 22 to mobilise support.

URS EXPULSION A FORMALITY NOW

Bangalore, June 22

The expulsion of rebel Karnataka Chief Minister Devaraj Urs from Congress (I) at the CWC (I) meeting at Delhi on Sunday is now a mere formality, with Sri Urs already announcing the next course of action.

SriUrs has announced his intention of "reassembling and reconstruting" the Congress house once again out of the debris that Smt. Indira Gandhi might leave behind.

Sri Urs, who probably launched the bitterest attack on the Congress (I) President in his nine-page reply telexed to the High Command last night, has already received vocal support from several Congress leaders, besides sympathisers from leaders of Janata Party, CPI and CPI (M).

The Chief Minister has convened an emergent meeting of his party's general body on Monday, the day after the CWC (I) meets in Delhi, probably to spell out details ofthe next course of action.

No Re-examination, Says Controller

Mysore, June 22

Sri T. Ramachandra Badhya, Controller of Examinations, Mysore University has said that there was absolutely no justification for holding the re-examination for Mysore Medical College students separately.

In a four-page statement yesterday, he said that the strike by the medical students was unprovoked and uncalled for. A large section of the students had also created disturbance in the locality where he was residing, causing damages to his car, he charged.

The Medical and Dental College Teachers' Association has regretted the reported remarks of Health Minister M. Mallappa on the doctors.

In a press release, Association President Dr. K. Anke Gowda said that the statement of the Minister that the doctors were obsessed with money was baseless and unbecoming. They had been only asking pay scale on par with university and engineering teachers as recommended by the Indian Medical Council.

REPLY NOTICE

In response to the notice Published in 'SAMACHAR' dated the 18th instant by Sri N J. Mysore valla ; Advocate on behalf of his client Sri Mir Tamaluddin; the Public is enlightened as follows :-

The house notified for sale was purchased by this Bank in court auction in execution of a Decree it had against Sri Mir Tamaluddin and took delivery of it on 5 11 1978 through a valid delivery warrant issued by the court with police assistance. The alleged plea that Sri Mir Tamaluddin had no knowledge of the Court proceedings is not only false and fictitious, but it is a naked lie. He was a party to all the proceedings and on merits the courts have nagatived all his contentions giving finality to their verdicts in favour of this Bank. Sri Mir Tamaluddin cannot now expect any assistance from the Court and precisely for this reason he has approached the News paper with an unchaste intention of scaring the intending purchasers and thereby impeding the proposed sale. For his aforesaid conduct the Bank will suitably deal with him and in the meanwhile intending purchasers are requested to be heedless of the notice under reply and to participate in the sale without any fear after inspecting the documents of title and the court proceedings. This Bank has a perfect markatable title to the said property and the notice under reply has been wantonly aimed at.

Gandhiji, A Practical Educationist

Mysore, June 25

The basic ideas of education as enunciated by Gandhiji are that the school should be the extension of the home, and that the child should be able to have freedom, security, play and opportunities for creativity while at school. The child should be properly trained to distinguish between right add wrong, to eschew the wrong and stick to the right. Education should enable the child to develop into an integrated member of the society, declared Sri K. T. Ramaswamiengar, retired DEO, while speaking at the Sarvabhasha Saraswathi Sangha here.

The mother or the woman is the best teacher of the child. The child should be imparted knowledge—moral, spiritual, physical and general. Education without character is of no value. Children have to be taught to live well and to live an integrated spiritual life, said Sri Ramaswamiengar. Prof. M. V. Jambunathan, President of the Sangha, welcomed the gathering Dr. K. S. Referring to the resignation of Sri Raj Narain from the Party, he said it had not come as a surprise. His resignation would not in any way affect the future of the party. Perhaps, his going away from the party, would restore to it more balance and sanity in its affairs.

OPPOSE RELIGION BILL

—SUBBAYYA SHETTY

Mysore, July 2

Education Minister Subbayya Shetty today vehemently opposed the Freedom of Religion Bill and called upon all democratic and secular forces in the country to see that the attempt was not succeeded.

Inaugurating the Mysore Diocesan Chair in Christianity, he said that religion was essentially a personal matter and any attempt to interfere in such a matter throngh any legislation was definitely going to cause bitterness and disharmony among the citizens, much to the detriment of the nation. It was against the spirit of our Constrtution, he said.

Sri Shetty said that he saw a deliberate attempt to control religious behaviour through legislation. "I feel that this is only the thin edge of the wedge", he said.

The Minister said that this attempt was only an attempt to divert the minds of the people from the real economie issues. Therefore, it was for all the patriotic and secular forces to see that such an attempt to assault the feelings" of the people did not succeed.

Congratulating the Mysore University for instituting the chair, he said the chair was unique in the universities in South India. India was known for number of reilgions, he said.

Most Rev. Dr. D. S. Lourduswamy, General Secretary of Sacard Congregation for the Evangelisation of Peoples, who had come all the way from Rome to participate in the function, expressed the hope that the chair would stimulate all concern for human dignity and freedom, irrespective of the religious path an individual followed.

Vice-Chancellor K. S. Hegde, who presided, paid tributes to the foresight of former Vice-Chancellor D.V. Urs for the creation of the chair for which the Mysore Diocesan Society, has contributed Rs 5 lakhs.

Sri Urs thanked the Bishop, Dr. Fernandes, for his co-operation in creating the chair.

Registrar Dr. P.S.Ramanujam welcomed the gathering. Dr. D. S. Amalorpavadas, Visiting Professor of the chair, explained the aim of the chair. Rev. Dr. M. Fernandes, Bishop, proposed a vote of thanks.

Status Quo On Sanskrit Urged

Mysore, July 3

When Urdu, Telugu, Tamil and other languages could enjoy the status of first language in high schools, steps to uproot Sanskrit, the vehicle of Indian culture and mother of Indian languages, was most unfair, four Swamijis have observed in a resolution.

The resolution was released to newsmen yesterday by the four Swamijis, Sri Visveswatirtha Swamiji of Pejawar Mutt, Sri AbhinavaRamanuja Swamiji of ParakalaMutt, SriShivaratri Rajendra Swamiji of Suttur Mutt and Sri Ganapathi Sachchidananda Swamiji of Ganapathi Sachchidananda Ashram.

The four Swamijis urged the Government, which had taken a number of steps to promote Sanskrit, to continue it as one of the first languages as at present.

Sri Pejawar Mutt Swamiji said they would also meet the Education Minister and impress upon him the need to continue Sanskrit as a first language instead of making it a third language. The next course of action would be considered after seeing the Government's reaction to their appeal.

CHARAN, RAJ NARAIN PARTING WELCOMED

Mysore, July 3

Janata Party leader M.S. Gurupadaswamy has welcomed the announcement of Deputy Prime Minister and Finance Minister Charan Singh parting company of Sri Raj Narain.

In a statement today, he said that this should have been done by Sri Charan Singh long back and that would have saved the Janata Party from agony and ugly embarassment

Sri Raj Narain was a most incongruous and untenable politician. He would never fit into any organised way of functioning, Sri Gurupadaswamy said

Referring to the proposal of Industries Minister George Fernandes to convene a meeting of erstwhile Socialist party members, Sri Gurupadaswamy said that any effort to have separate meetings in the name of realignment of political forces within the Janata Party or outside was "untenable, irrational and inconsistent". It would damage the party in the long run.

The socalled effort that was being made in Karnataka by Chief Minister Devaraj Urs to bring about unity of all erstwhile Congressmen under one banner was also far from realistic view. There should not be any hasty conclusion on this by the Janata Partymen, he said.

Mysore, July 3

Considering his performance, the committee decided to honour him with a plaque and an award of Rs 1,500 Expressing his gratitude, the Divisional Commissioner made it clear that as a senior officer he felt it would not be proper for him to accept the reward. The official committee has commended the devotion and ideal set of up the Divisional Commissioner.

Scarcity Of Postal Envelops

Sir,-It is very regrettable that no postal envelops or inland letters are available in any of the post offices in Mysore, though the postal authorities have enhanced the rates and the public are ready to co operate.

The non availability of postal covers and inland letters is causing much inconvenience to the public at large and also hindrance for free and easy communication, particularly for the poor.

I appeal to the postal authorities concerned to release the stock of postal envelops and inland letters and thus relieve from the inconvenience caused to the public.

Kudos To Windies

Sir – By their brilliant victory in the finals, West Indies team have proved beyond doubt that they are still the top/best team in the cricket world. They were rightly awarded with the prestigeous Prudential Cup, the symbol of world cricket supremacy.

Full credit is due to the second line of West Indian fast bowling pair, Joel Carner and Collin Croft, and their batsmen, Viv Richards and Collin King, for their extraordinary performance in the finals.

The performance of our Indian team reached its lowest ebb in the recently concluded tournament. They were beaten in all the three matches they played and the defeat at the hands of the lowly rated Ceylon team is something which cannot be taken lightly by our boys

Some of our top-cricketers made a big fuss even before the selection. They were quite reluctant to agree to the conditions stipulated by the Cricket Control Board of India They appear to be serious only about their rights but not their responsibilities. Nation in particular and cricket lovers all over India in general expect something better from them. Let us hope that "West Indian instinct" will inspire our boys also and they come out with creditable performance at least in their regular matches against England

Good Response For Congress (I)

—GUNDU RAO

Mysore, July 5

Congress (I) leaders R. Gundu Rao and F. M. Khan, MP, said here yesterday that as many as 500 people from both the Congress parties and the Janata Party from Mysore District had met them.

The two leaders, who have been appointed as party observers for Mysore and Coorg Districts, claimed that they had found good response in Mysore for the consolidation of the party.

Among those who met them were S. Puttaswamy, Hejjige Linganna, Basavaraj of K. R. Nagar, Boriah from Bannur, all former legislators, Hunsur ex-TDB President Prem Kumar and Kempaveere Gowda, Sri Gundu Rao said

Criticising the stand taken by Chief Minister Devaraj Urs, he said that there was instability in the State Government as Sri Urs had "thin" majority. With this thin Majority, the Urs' Government could not last long.

Inspite of the changed political complexion in the State, Smt. Indira Gandhi might still prefer to contest fromChickmagalore to the Lok Sabha, he said.

Sri Khan alleged that Sri Urs had booked air and train passages for leaders who wanted to attend the Bangalore convention.

A meeting of the general body of the City and Rural District Congress Committees and party workers, supporting Chief Minister Devaraj Urs, will be held at the party's office in Jhansi Lakshmibai Road tomorrow at 2 p.m , City District Congress Committee President D. Jayadevaraje Urs said yesterday.

It may be recalled here that the general body and party workers' meeting of the Rural District Congress (I) has already been convened by its Convener K. Javare Gowda tomorrow at 2 p.m. at Town Hall.

Thus the supporters of both Chief Minister Devaraj Urs and Smt. Indira Gandhi would be holding separate meetings at the same time tomorrow in two different places.

Messrs Azeez Sait, K. B. Shivaiah, Ministers, and Karnataka Congress General Secretary D.M.Siddaiah would be addressing the meeting, Sri Jayadevaraje Urs said at a news conference.

He said Sri Shivaiah and himself had already toured T. Narsipur, Nanjangud, Chamarajanagar, Yelandur and Hunsur taluks. He claimed that all those who were in Congress (I) had solidly joined the Karnataka Congress. Two taluk board members of Nanjangud had resigned from the Janata Party and had joined the Karnataka Congress. They would tour in the remaining taluks also, he said.

Sri Urs said that all those who had faith in the United Congress were welcome to the tomorrow's meeting.

A big function to felicitate the Chief Minister would also be conducted in Mysore during the month-end or early next month, he added.

Referring to the claim made by Sri Veerappa Moily that many legislators would leave the Karnataka Congress after the Congress (I) meeting in Bangalore on July 15, Sri Jayadevaraje Urs said as General Secretary of Karnataka Congress Legislature Party he would say that not a single legislator would leave the Karnataka Congress.

Desai Govt. Should Quit

—Bangarappa

Mysore, July 12

Janata Party Government headed by Sri Morarji Desai should quit immediately as it had become a minority Government, ad hoc KPCC (I) President S. Bangarappa demanded yesterday.

Inaugurating a meeting of his party workers from Mysore city and rural district, he said that any adjustment with the CPI (M) or AIADMK for remaining in power would result in fundamental differences in the Janata Party's ideology and, hence, it would not be proper for it to continue in power.

He told the party workers that the country might have to go for midterm polls any moment now and the partymen should be prepared for this.

While the Janata Party Government itself was collapsing at the Centre, after all for how many days the Devaraj Urs Ministry could remain in power in Karnataka, he asked.

Sri Bangarappa assured that the aim of his party was not the dissolution of the Assembly. It was prepared to form a Government without Sri Urs.

Strongly criticising Sri Urs he said the Chief Minister wanted unity of the Congress parties to scuttle the move for Special Courts Bill so that cases might not be filed against him under the Grover Commission Report. He had adopted this tactics because the moment cases were filed against him, he had to resign.

Former Minister R. Gundu Rao presided. Sri S.M. Krishna and Sri F. M. Khan, MP also criticised Sri Urs. Messrs S. Siddaraju, P.Shivanna, Premakumar, Hejjige Linganna, Puttamadaiah, also spoke. Sri S. Puttaswamy welcomed and Sri K. Javare Gowda proposed a vote of thanks

The meeting adopted a resolution supporting the suspension of Sri Urs from the party and demanding that he should resign immediately

SWARAN VISITING BANGALORE

Mysore, July 13

AICC President Sardar Swaran Singh is expected to visit Bangalore shortly to meet Chief Minister Devaraj Urs and discuss the modalities on the Congress unity, Industries Minister Azeez Sait said on Wednesday.

Addressing the City and Rural District Congress workers' meeting, he said that the pre-split AICC was likely to be convened on Aug. 15.

He reminded the partymen that they were still in the Karnataka Congress and not in the Indian National Congress yet, since the formalities of unification had not been completed. The Indian National Congress had no power or strength yet to face the present situation arising due to the present political crisis in the country and at least for this purpose the Janata Government should remain in power for another six months.

Chief Minister Devaraj Urs had emerged as a national leader and there was no doubt that he would become the PrimeMinister also, Sri Sait said. However he warned partymen against developing individuality cults. They had the clear example of what had happened to theCongress (I), he said.

Strongly criticising bothMessrs Gundu Rao and F. M. Khan, Sericulture Minister K. B. Shivaiah said that the meeting being addressed by them at Town Hall had no "characteristics" whatever.

He said that 14 MLAs,4 MLCs and 2 Ministers were attending the Congress meeting and each leader commanded 2,000 workers.

Tamarind Powder By CFTRI

Mysore, July 14

The Central Food Technological Research Institute has evolved an easy process to make dehydrated tamarind powder.

The process overcomes the disadvantages of the common practice in Indian kitchens of extraction of tamarind juice by soaking the pulp in cold water for some time and squeezing it, which does not give all the juice present in the pulp.

The cost of the product works out to be around Rs 6 per kg The process know-how has been released to an enterperneur, and the product is expected to be introduced in the market soon.

The CFTRI has been retained by the Government of Tripura as their consultant for setting up of three food processing units.

The Institute has also developed a machine for the manufacture of 'donnay' and plates from dried leaves.

An Annotated Bibliography of Indian Food Patents covering inventions patented during 1970-75 has also been brought by the CFTRI.

The Janata Parliamentary Board has appealed to those members of the party who have left without realising the consequences to come back to the party fold.

The board which met this morning for about an hour hoped that those who have left will realise the serious consequences that the country was to face, if the Government was defeated.

It expressed the confidence that the Janata Parliamentary would be able to defeat the no-confidence motion in a convincing manner inspite of some defections.

Deputy Prime Minister Charan Singh and Party General Secretary Rabi Ray did not attend the meeting. Sri Charan Singh had intimated his inability to participate in the meeting due to toothache.

The Board authorised Party President Chandra Shekhar to go into the dissidents demand for a change of leadership in Bihar.

Stop Nuisance Of Beggars

Sir,-It is indeed very distressing to see the slums growing in the city. For instance, the slum near the CPC Polytechnic is growing day by day causing a great nuisance.

These slums have become the breeding centres of beggars. The whole area is infested with them. At every point you meet a beggar, "Baba Paise Do".

Even important tourist places like the Zoo and the Jaganmohan Palace have become the begging centres for these beggars. Now almost everywhere in every street corner in the city, you find them.

Mysore is an important tourist centre. We have to hang our heads in shame when we find foreign tourists taking photos of these beggars. I am at a loss to understand why our Corporation is not taking any action against these beggars, although the Government has introduced an Act to stop the nuisance. Let Mysore retain the reputation as a Tourist Paradise.

The Janata (S) may go to the extent of offering many concessions to divergent parties to get their support. Sanatorium As Inst. Suggested

Mysore, July 18

Governor Govind Narain expressed his happiness here on Monday over the report of the Indian Medical Council suggesting the upgradation of the P. K. Sanatorium in Mysore into an Institute of Tuberculosis and Chest Dieseases.

Besides taking steps to combat TB effectively, he urged the need for increasing rapidly the existing meagre bed strength. Against 1 8 million estimated cases, there were just 42,500 beds, he said.

Merchants To Protest

Mysore, July 19

The Grain Merchants' Association has given a call to the grain merchants, bidders and "dallalis" of the Regulated Market to suspend their transaction for two days on July 20 and 21 in protest against the Government Ordinance increasing the market fee to two per cent.

In a press note, Association President A. Chinnaswamy Mudaliar and Secretary P. Shivananda said the increase in market fee would cause hardship to all sections of the merchants and ryots.

CALL OPPOSED

The action of the Association has been opposed by a section of the merchants.

According to them, the increase in the market fee would not affect the merchants in any manner as it would be passed on to the consumers. It should be the general public who should oppose the levy. Besides, the Government had taken loan from the WorldBank for improvement of the Regulated Market and this loan had to be repaid.

Need To Reduce Food Losses Stressed

Mysore, July 19

Vice - Chancellor K. S. Hegde said on Tuesday that investment on research and development efforts in the area of post-harvest technology was undoubtedly a wise and much needed effort which would pay rich dividends.

Inaugurating an eight-day workshop on "Management of Research & Development Institutions in the area of Food Science and Technology" at the CFTRI, he stressed the importance of making concerted efforts to conserve the harvested foodgrains and to eliminate or at least minimise the post-harvest losses.

Since food production was largely in rural areas, generally devoid of greater sophistication of technology, we have to evolve technology that should be simple, economical and easily managed by the large number of unskilled personnel, he said.

Prof. Mogens Jul of Denmark spoke on the aims and objectives of the United Nations University which has sponsored the workshop. Dr. H.A.B. Parpia, Senior Adviser, UNCSTD, FAO, Rome, and Sri S.K. Majumder, Deputy Director, CFTRI, also spoke. In his welcome address, Sri C. P. Natarajan, CFTRI Director, said that many of the developing countries were setting up research and development institutions to to tackle the problems of preservation, conservation and processing of foodgrains. Dr. K. T. Achaya, UNU Consultant, proposed a vote of thanks.

Mysore, July 20.

Man aspires to have eternal bliss free from the travails of the perenniel circle of births and deaths. Our ancient sages have proclaimed that by contemplating on the Supreme Being and rendering Bhakti or devotion to Him, one can easily attain salvation.

God is very solicitous of the welfare of the poor and the unlettered who sincerely put trust on Him and are steadfast in their devotion, he said. Sri A. Narasimha Sastry welcomed the gathering. Sri R. Krishnaswamy proposed a vote of thanks.

Field Work On BG Project Started

Mysore, July 21

The field work for the conversion of the Mysore-Bangalore metre gauge rail line into broad guage has already started, Divisional Railway Superintendent P. M. Joseph said today.

He was speaking at the meeting convened by the City Planning Authority to consider the impact of the gauge conversion on the development of Mysore City.

Sri Joseph said that the work on the six bridges on the rail route to make them suitable for broad gauge would commence in about a month's time. The project was estimated to cost Rs 14 crores and the work was expected to be completed in about three years.

As the project had to be taken upon an austerity manner, there would be no deviation from the present metre gauge track. Hence, the maximum speed on the broad gauge would be limited to 90 kms per hour. It would become necessary to construct new bridges replacing the present concrete bridges near Srirangapatna. A new goodshed in Mysore was also being considered, he said.

In view of the five-day week in offices from August and the broad gauge work, there would be drastic changes in the Mysore-Bangelore section train timings, Sri Joseph added.

While planning for future development, Divisional Commissioner Jayakumar Anagol stressed the need to bear in mind the oil shortage.

In a communication to Sri B. C. Lingiah, former Municipal President, the Assistant Planning Officer of the Directorate General of Doordarshan, has said that apart from providing a coverage of about 75 kms all round Bangalore, the TV centre would ensure strong signal in Bangalore City and its immediate surroundings which are highly industralised and subject to heavy electrical noise.

As regards the plea for installation of the relay centre at Somanahalli, the Planning Officer said that setting up of a relay centre at Mysore or at any other centre would be considered in future expansion plans when more financial resources are available.

Perspective Planning Suggested

Mysore, July 23

The need for a perspective planning for Mysore City was underlined by Divisional Commissioner Jayakumar Anagol on Saturday.

Presiding over the meeting organised by the City Town Planning Authority to discuss the impact of the conversion of Bangalore-Mysore rail line into broad gauge, Sri Anagol said there would be a sudden spurt in the industrial and economic activities of the city when this project was completed.

He suggested that as far as possible non-polluting industries should be set up in the city and pockets of artificial forests should be created to ward off pollution effects.

With the increasing price of petrol, the broad gauge could be used for movement of people from one end of the city to the other, he said.

Sri D. Jayadevaraje Urs, MLA, suggested forming of a ring road and construction of more houses for industrial workers.

Divisional Railway Superintendent P. M. Joseph said that the broad gauge trains would be run with the help of diesel locomotives. The running time would be two and half hours.

Town Planning Director Govindappa said it had been decided that Bangalore should not be allowed to grow beyond a population of 35 lakhs and hence, counter-magnet towns like Mysore and Tumkur were bound to grow.

Sri Ballal, a Member of the Trust Board, suggested locating of the goodshed at Asokapuram, in view of a number of industries coming up in the South and also the Railway Workshop located there.

CITB Chairman D. Lingaiah, Conservator of Forests B A. Belliappa, B N. Aradhya, M.K Lingiah, A. Ramanna, H.L. Srikanta Murthy and others spoke.

Interest On KEB Deposits Likely

Mysore, July 24

The question of paying interest on deposits collected by the Karnataka Electricity Board from consumers was under consideration, K E B Chairman K. Narayana Char disclosed yesterday.

Addressing the Chamber of Commerce and Industry, he said that the revision of commitment charges, collected from block consumers, was also being examined

He accepted a suggestion for intimating to the consumers the amount they had as deposit with the Board periodically

He said the Board was aware of the "hue and cry" from the public and industrialists over the collection of three months' minimum deposit. The collection of deposit was provided in the Act. However, he had ordered that the deposit amount might be collected in instalments and not to disconnect power connections during the period.

Referring to the power position in Karnataka, Sri Narayana Char said that compared to West Bengal and Maharashtra, the State was in a better position. Work on Kali, Bedthi, Varahi and the thermal power station at Raichur was going on as per schedule.

One of the main endeavours of the Board was to reduce the loss of power in the process of distribution. The loss was between 15 to 20 per cent and even one per cent reduction would result in an additional income of Rs one more crore, he said.

Sri R. Krishna Setty, Superintending Engineer, assured that the public would be informed as far as possible of interruptions in power supply.

Sri B. N. Aradhya welcomed and Sri Krishnaswamy proposed a vote of thanks.

New Hostel Added To ATI

The Administrative Training Institute had grown from a small size into a big institution and today it formed the nucleus of training for Government officers, he said.

This is the theme Round Table India has adopted for 1979 to reflect its commitment to the International Year of the Child.

Round Table India (RTI), a voluntary organisation of young men, promotes Fellowship through Community Service. Its projects which are focussed on children's welfare this year, are spreading all over the country : from Toy Libraries in Tiruchi and Coimbatore, a Playroom for Orphan Children in Delhi, a Vocational Training Centre for Deaf & Dumb Children in Coimbatore, Schools for Mentally Retarded Children in Hyderabad and Calcutta, to a Burns Clinic in Bombay, a Child Guidance Centre at Madras and many more. Tables in India spend over Rs 10 lakhs each year on community service activities.

RTI's increasing service-oriented projects call for growth and extension of the movement. To achieve this RTI has now chosen the process of "Divide to Multiply."

"DIVIDE TO MULTIPLY"

RTI has begun dividing its national network into viable Areas that comprise 10 or more Tables.... so that the number and effectiveness of its projects can be multiplied to the benefit of more communities.

ROUND TABLE INDIA felicitates Area 2 Mid-South on its Inauguration on 11th August 1979 at Mysore

This is the theme Round Table India has adopted for 1979 to reflect its commitment to the International Year of the Child.

Round Table India (RTI), a voluntary organisation of young men, promotes Fellowship through Community Service. Its projects which are focussed on children's welfare this year, are spreading all over the country : from Toy Libraries in Tiruchi and Coimbatore, a Playroom for Orphan Children in Delhi, a Vocational Training Centre for Deaf & Dumb Children in Coimbatore, Schools for Mentally Retarded Children in Hyderabad and Calcutta, to a Burns Clinic in Bombay, a Child Guidance Centre at Madras and many more. Tables in India spend over Rs 10 lakhs each year on community service activities.

RTI's increasing service-oriented projects call for growth and extension of the movement. To achieve this RTI has now chosen the process of "Divide to Multiply."

"DIVIDE TO MULTIPLY"

RTI has begun dividing its national network into viable Areas that comprise 10 or more Tables.... so that the number and effectiveness of its projects can be multiplied to the benefit of more communities.

ROUND TABLE INDIA felicitates Area 2 Mid-South on its Inauguration on 11th August 1979 at Mysore

A REALITY IN KARNATAKA

As the Nation celebrates the Independence Day, Karnataka takes pride in transforming the concept of social justice into a reality.

Under the dynamic leadership of the Chief Minister Sri D. Devaraj Urs, Karnataka marches ahead towards making special justice a reality.

The Series of Socio-enonomic measures initiated in Karnataka in the last six years have made the concept of social justice a reality to the poor by carrying the benefits of development to the weaker sections.

To facilitate faster movement of essential goods, the outmoded system of levy of octroi has been abolished by the Karnataka Government from the 1st of April this year.

Bhagyajyothi - a novel scheme to dispel darkness from the poorest homes - has been launched by the Karnataka Government The poorest families, under thej scheme, will get a one bulb electric light connection. This year 40 thousand will benefit by the scheme for which Rs. one crore has been provided.

The State Government have exempted students whose family income is not more than Rs.3,600/- per annum, irrespective of the community or caste to which they belong, from payment of tuition and laboratory fees. The State Government has earmarked Rs.12 crores for the purpose of reimbursements of loss on this account to the educational institutions.

The State Government has raised the percentage of reservation for purpose of recruitment to State Services in favour of the economically backward Sections of the Society irrespective of the caste or community to 15%. This is in addition to the 51% already reserved for BackwardCommunitiee,scheduled castes and Scheduled Tribes. Rs. 229 crore first stage of the giant Kalinadi Hydro Electric Project is to be commissioned shortly. The first stage consists of six units of 135 MW each in the Nagjhari Power House and two units of 50 MW each in the Supa Dam Power House

JANATA (S) MINISTRY GOES

Charan Resigns As Cong (I) Withdraws Support

The 24-day-old Charan Singh coalition Government today tendered its resignation to the President with a recommendation for holding a mid-term poll to the Lok Sabha.

Sri Charan Singh called on Sri Sanjeeva Reddy at Rashtrapathi Bhavan at 11 a.m., immediately after an emergent Cabinet meeting, to tender his resignation and recommend that "Fresh mandate of the people" be sought.

This morning's dramatic development, almost as the Lok Sabha was reassembling for a vote of confidence, which Sri Charan Singh was to seek, was the outcome of theCongress (I) decision earlier in the day to oppose the motion.

The decision was taken by the Congress-I Parliamentary Board meeting held at the residence of Smt. Indira Ganghi. Messrs Rajashekar Kollur, S. B. Patil and Siddarameswara Swamy, all from Karnataka, who joined Congress (I) today also attend the meeting.

A tense Lok Sabha, overflowing with members was never before perhaps, as adjourned till 2 p.m. in the wake of the announcement. The Rajya Sabha, was however, adjourned sine die.

Sri Jagjivan Ram, leader of Opposition in Lok Sabha, later in the noon called on the President and staked his claim to form a Government. He has opposed the dissolution of the Lok Sabha.

The President has accepted the resignation of the Charan Singh Government.

LOKSABHA DISSOLVED

President Sanjeeva Reddy has dissolved the Sixth Lok Sabha.

The order dissolving the Lok Sabha, which was elected in March 1977 with Janata Party in majority, was signed by the President this afternoon.

The mid-term elections will be held in November and conclude in December. The reservation of seats of Scheduled Castes will not be affected.

The Charan Singh Government will continue as the care taker Government with less number of Ministers during the interim period

By dissolving the Lok Sabha and ordering mid-term elections, Sri Reddy has accepted the recommendation of the Charan Singh Government, which resigned on Monday, without facing the Lok Sabha.

Earlier, all the parties, barring the Janata, had conveyed their decision in favour of immediate elections. Prime Minister Charan Singh and six of his Ministers met the President before the announcement and assured free and fair elections.

The President's decision ordering a mid-term election has evoked mixed reaction. While Sri Chandra Shekhar has described it as 'fantastic', Sri Stephen of Congress (I) has opposed a care-taker Government headed by Sri Charan Singh.

Uphill Task For CM

(From Our Correspondent)

Mysore, Aug. 25

With the rapid shift in loyalties in favour of Congress (I) from theState legislators, the Devaraj Urs Ministry was being driven to the wall with big political thursts.

Starting with some trickles, the number of the members sailing from the Urs came is being seen as a big stream reaching the main stream of Indira Congress. Although Sri Devaraj Urs did not betray any sense of panic, the truth of the whole situation cannot be hidden. With six more members deserting him in the crucial hour of his political career, the majority of the Government headed by Sri Urs was reduced yesterday to a bare ten. The only silver lining in the dark cloud of Karnataka Congress as they see is the prospects of some ten to twelve members of Janata MLAs joining theUrs camp as effective members of his congress.

If the breach, big breach noticed in the Karnataka Congress is set right in time, and with Janata MLAs in camp, Sri Urs may ward off the storm for the present, opening a big area for horse trading in the coming months. It is certain that State Congress (I) leaders, with the full support and gudiance from the central leaders, with Smt. Indira Gandhi herself playing a crucial role, will not let Sri Urs to rest in peace. He will have to spend many, many more sleepless, nights in both ways, whether he loses the battle now, or whether he is asked to face the electorate in December.

According to Our Bangalore correspondent Smt. Gandhi is planning to visit Bangalore to help in toppling the Urs Ministry.

URS TO EXPAND CABINET

(From Our Correspondent)

Bangalore, Aug. 27

As indicated in these columns on Saturday, the Janata MLAs, 15 of them led by a born socialist J.H. Patel, announced their decision to support the Devaraj Urs Government, giving Sri Urs a shot-in-arm. With the support of these MLAs,and with prospects of more Janata MLAs joining the ranks of Sri Urs, and with the reported action of some MLAs to retrace their steps and return to Sri Urs fold from Congress (I), the murky politics inKarnataka seemingly stabilised at least for the present.

According to political circles, the Congress (I) which was sailing on the buoyance of hope with the initial response from some MLAs seems to have floundered on the rock of uncertainity. The recent split in Congress (I) and the subsequent changes in the political complexions of the country, has not been without some sanguine good results, so far as our State is concerned.

Chief Minister Devaraj Urs, who was too busy all these days to give thought to the expansion of the cabinet and to accord due representation to a number of districts which have gone unrepresented, especially some erstwhile Hyderabad integreated areas and Northern Karnataka areas, seems to have felt at last the Achilles heel. He is expected to make amends by announcing the immediate expansion of the cabinet, thereby assuaging the feelings of the people in the hitherto unrepresented areas. Sri Urs does not want to waste time any further on this sensitive,but an easy issue, which had however, eluded attention all these years, thanks to the busy preoccupation of the Chief Minister in his unity moves.

It is believed that the prospects of the new Janata members also being indueted into the cabinet are held bright. With the Pre AICC split due to be held on Sept. 12 and 13 in Bangalore, a new direction in evolving strategy for the Lok Sabha elections is expected to be given by the Bangalore meet. Thus the Bangalore meet, which is to assume considerable importance will serve as it were a spring board for the jump in the election arena slated for December. Only time alone can reveal as to who will come out unhurt in the leap forward the political parties are to take, keeping the electorate in confusion and perhaps bewildered.

MLA Withdraws Resignation

Discoverer of Swami Vivekananda

Mysore, Aug. 27

Contrary to what many writers have stated, the persons who suggested to Swami Vivekananda that he should attend the Parliament of Religions held at Chicago in 1883 and who also made the necessary arrangements for his travel to America was one Sri Alasinga Perumal, son of Sri Mandyam Narasimhachar of Chikmagalur in Karnataka, said Sri S. Lakshminarasimha Sastry of the P & T department while speaking at the Sarvabhasha Saraswathi Sangha here recently. Alasinga Perumal was the Head Master of the Pachaiyappa High School at Madras. He met Swami Vivekananda who was then on a visit to Madras and was staying with Manmathanath Bhattacharya, a Professor at the Presidency College. Vivekananda was almost an unknown Sanyasi at that time.

It was Alasinga Perumal who discovered Swami Vivekananda. He was impressed with Vivekananda's knowledge of Hindu religious tenets, and it was he who urged Vivekananda to attend the Parliament of Religions at Chicago. It was he who collected subscriptions in driblets to finance Vivekananda's visit to America. At the Parliament of Religions the Swamiji addressed the audience as "sisters and brothers of America" and his lecture literally captivated the audience. The next morning all the papers came out with streaming headlines extolling his speech and he became very popular thereafter, said Sri Sastry.

Prof. M.V. Jambunathan, President of the Sangha welcomed the gathering. Sri A. Narasimha Sastry proposed a vote of thanks.

Naik Hails Decision On Kannada

Mysore, Aug. 30

Dr. H M. Nayak, Director of Institute of Kannada Studies, Mysore University, has hailed the decision of the Devaraj Urs Government to introduce Kannada at all levels in the State from Nov. 1.

In a statement yesterday, he said that although the decision was belated, it was appropriate. It was not enough if merely a decision was taken. Steps should be taken for the effective use of Kannada and as a first step all English typewriters should be withdrawn from offices and instead Kannada typewriters should be provided.

Although it was necessary to use Kannada and English in offices, Kannada should get the first place. The State Public Service Commission should also conduct all its examinations in Kannada, he urged.

The Kannada Kranti Dal, meeting under the presidentship of N. Nagalingaswamy, also welcomed the decision and congratulated all those who were demanding the introduction of Kannada at State level.

Congratulating theChief Minister for his bold decision, Sri S.S. Shastry of Kannada Chaluvali said that the Chaluvaligars had decided to honour Sri Urs next month in Mysore

Sri L.S. Ningappa of Kannada Yuvakara Sangha has also praised the Chief Minister for his decision.

Governor Asks Urs To Prove Majority

Assembly To Meet Next Month

Bangalore, Aug. 30

The Karnataka Legislative Assembly will be summoned in the third week of next month to test the strength of the Devaraj Urs Government.

As a sequel to the claim of the Congress (I) yesterday, that the Urs Government had been reduced to minority following defections from his party, the Governor invited the Chief Minister to Raj Bhavan this morning and suggested him to summon the Assembly early.

Sri Urs during his 20 minute talks with the Governor agreed the suggestion and stated that the house could be summoned soon after the proposed pre-split AICC session here on Sept. 12 and 13. He is also reported to have contsted the figures provided by Sri Bangarappa and stated that he would prove his majority on the floor of the Assembly.

Our Correspondent adds that the keenly watched meeting of the Karnataka Congress Legislature Party is taking place this afternoon. A spokesman of the party said that many members who had left Karnataka Congress had expressed their desire to return to the party. A clear picture would be available by this evening.

The Janata Legislature Party meeting is going on for the second day and a decision regarding supporting the Urs Government is also expected today. Indications are that a big number of Janata legislators are coming out of the party.

Sait's Call To Muslims

Mysore, Aug 30

A political party without Smt. Indira Gandhi and which had no truck whatsoever with the communal parties alone could deliver goods in our country, Industries Minister Azeez Sait said on Monday.

Speaking at a public meeting arranged to felicitate him and Union Ministers B. Rachiah and P. M. Sayeed, Sri Sait said people in the North had suffered during the Emergency and the same northerners voting for Congress (I) now was a remote possibility. Comparatively, people of the South were not disturbed by any excesses during the Emergency, but by this time they too had understood the devastating type of anarchy which was let loose on people in the North by the caucus surrounding Smt. Gandhi.

He appealed to the Muslims not to fall prey to those forces which might try to utilise them as tools during the ensuing elections.

Sri Saveed observed that the nation must be always grateful to Sri Jayaprakash Narayan who gave a timely call for a total revolution, which had helped in bringing about a sea of change

Sri Rachiah urged that Muslims and Harijans, who traditionally tilted the balance in any crucial election in the country to take decision about their political supporters after taking into consideration the changes in political life

Sri H. D. Tulsidas Dasappa, General Secretary Indian National Congress, Prof Mohammed Haneef, Sri Dakshina Murthy and Sri Jogi Siddaiah spoke Sri Tai Mohamed Khan welcomed and Sri Abdul Azeez Chand proposed a vote of thanks

The Splendour of Karnataka Architecture

Mysore, Aug. 31

The architecture of Karnataka may be described as a harmonious synopsis of several styles of architecture prevalent in the country with notable developments and refinements peculiar to each period. The Kadambas, the Gangas, the Chalukyas, the Hoysalas and the Rashtrakutas though following the Dravidian style in many respects, made some improvements and innovations, and thus Karnataka may be truly regarded as a rare museum of the Nagar, Dravidian and Mixed styles of architecture rarely to be found in other States said Sri H. R Raghunatha Bhat, Lecturer in Indology, Mysore University while speaking at the Sarvabhasha Saraswathi Sangha here.

A close study of the temples and other edifices in Karnataka reveals that the architects, sculptors, painters, etc. devoted considerable time to planning and designing before executing the work in accordance with accepted principles and canons On a certain occasion the sthapathis of Ballagaonvi built a temple from their own efforts. They introduced certain improvements and refinements displaying originality and creative art he said. Prof M. V. Jambunathan, Sangha President, welcomed the gathering Sri Viswanatha Gupta proposed a vote of thanks

Engg. Seats : Probe Demanded

Mysore, Sept. 1

Sri M. Sathyanarayana Rao, former MLC and President of the Mysore University Private College Teachers' Association, has urged the Governor to institute immediately a high-level probe into the "arbitrary" and "scandalous" manner in which seats had been increased by almost 200 per cent over the last two years.

In a statement yesterday he alleged that the increase in seats had been brought about by a conspiracy of the Directorate of Technical Education, some commercial-minded managements of private engineering colleges and certain other bigwigs in the Government

Teachers of the National Institute of Engineering who met under the presidentship of Sri Sathyanarayana Rao today, voiced their concern over the inevitable dilution of standards of engineering education consequent on the phenomenal increase in admissions.

Effect Of Alcohol On Body & Brain

Recent experiments conducted in U.S.A. indicate that even so-called 'moderate' drinking can be harmful. The latest American medical research, being done with men and balloons, has clearly revealed that alcohol can produce damaging effects on heart and brain, as well as liver.

Alcoholic liver disease, especially cirohosis is one of the worlds chief public health problems It is the third leading cause of death between ages 25 and 45, after heart disease and cancer

We, therefore, heartily endorse the stand taken by Sri Morarji Desai, ex-Prime Minister, that total prohibition should be strictly enforced throughout the country. It is basically a human issue and therefore it should not be made a subject of political wranglings.

New Direction To Akademy Pleaded

Mysore, Sept. 13

The State Sahitya Akademy could strive to preserve the literary richness of Kannada language, Dr. H. M. Nayak, the new Chairman of the Academy, said yesterday.

Replying to the felicitations accorded to him at a function yesterday arranged on his being appointed as Chairman of the Akademy, he pointed out that the Akamemy had its own limitation. READERS' FORUM

What Is The Journalists' Assn. Doing?

Sir,-This is with reference to the tragic death of Sri V R Giridhar in a car accident in Bangalore on 14th instant.

The journalists' associations in many places in the State within no time after the accident have held emergent meetings and condoled the death of Sri Girdhar, the teenaged reporter. Whereas, the Mysore Journalists are silent so far. I would like to know whether the Journalists Association is in existence in MysoreCity or not. At least now the journalists should realise their duty and pay homage to the departed soul.

The main attraction, the well decorated elephant Drona joined the procession exactly at 3-40 p m as guns boomed a 21-gun salute and the police band struck the national anthem. Dasara Exhibition Committee General Secretary D. Jayadevaraje Urs performed the pooja to the idol of Chamundeswari.

PrecedingDrona was the Pooja elephant 'Manohara', which had earlier sustained injuries in an accident. Golden palanquin, Palace honours and jilloo also formed part of the procession. Of the seven tableaux the two tableaux of "Durga" by the Bengal Cultural Association were the most attractive

Governor On Role Of Educated Women

Mysore, Oct. 2

Governor Govind Narain called upon educated women to contribute to the tremendous socio economic changes being brought about in the country today.

Inaugurating the Students'Association of Maharani's Arts College, he said that the pace of socio-economic development could be accelerated only with the additional contribution that women could make.

He asked educated women to assert themselves They should organise themselves and get rid of the traditional idea that marriage for a girl was the only aim Marriage should be with self-respect and dignity as equal partners, he said. The ideas of dowry or oppression of women had to be fought vigorously and women's organisations could do a lot by organising social boycott of the culprits Similarly women must strengthan the consumers movement and fight the evil practices in trade and business, the Governor added.

Endorsing the plea made by the Governor Vice-Chancellor Hegde who presided, said that the Maharani's College had been bifurcated into two separate arts and science colleges in view of the increasing number of students. He strassed the importance of college unions.

Smt. Chandra Govind Narain lit the inaugutal lamp. Principal Y Bhagavan welcomed the gathering Union President Kum. Shobha Nayar proposed a vote of thanks

CM FLAGS OFF TOY TRAIN

Mysore, Oct. 3

Chief Minister Devaraj Urs on Monday called upon the people of the city to preserve the "historic" beauty of Mysore.

The Chief Minister flagged off the "Vanivilas Express", the second toy train in the State, at the Bannimantap "Railway Station", as part of the International Year of the Child.

He cautioned against allowing Mysore to grow like Bangalore. Bangalore was facing a number of problems due its hapazard growth, he said.

Industries Minister Azeez Sait, who presided, regretted that Mysore was lagging behind in all respects. When places like Shimoga, Hassan and Gulbarga, and even Hunsur, were having a stadium, Mysore was yet to get one

Although a Rs 20 lakh estimate to improve the illumination of Brindavan Gardens which had been done in 1934, had been prepared, the Government was yet to make up its mind on this project

Similarly the Nehru Loka scheme remained on the paper only, Sri Sait said. He urged that the schemes taken up during the period of the late Maharajas and had not been completed, should be completed.

Sri D V. Urs, Chairman of the One man Commission for New Universities, suggested the construction of a "Children's Palace" in the city.

Smt Vimala Rangachar, Chairman of the State Bal Bhavan Committee, said that the State would have two more children's trains. With these each division would be having a toy train

District Bal BhavanCommittee Chairman S R. Vijay welcomed and CITB Chairman D Lingaiah proposed a vote of thanks

The toy train fare for children will be 25 paise and for adults one rupee.

Adult Edn. Vital, CM

Mysore, Oct. 5

If the socio-economic programmes of the State Government had to be fruitful it was essential that people, particularly the rural people, should be educated on a large scale, Chief Minister Devaraj Urs said yesterday.

Presiding over the first anniversary of the National Adult EducationCampaign, under the auspices of the State Adult Education Council, he said with this in view the State Government had given importance to primary and adult education.

He pointed out how the innocent rural folk are exploited inspite of the best efforts of the Government to protect these people through various measures. One such exploitation which had come to his knowledge was the "Nambike Kraya Patra" devise adopted by the money lenders in the villages to overcome the restrictions imposed on them by the Government through the Money Lenders' Act, Sri Urs said.

The Chief Minister called upon all organisations to help in tackling the huge problem of illiteracy

Union Minister of State for Industries B.Rachaiah who was the chief guest, called upon the educated to take up the job educating the illiterate adults as a sacred job. He praised the contribution made by the State Adult Education Council in this regard.

Industries Minister Azeez Sait, releasing the reading materials, announced a contribution of Rs 25 000 from the Tippu Sultan Wakf Estate to the Adult Education Council.

Council President T. V. Srinivasa Rao welcomed the gathering. Co-ordinator B. V. Sathyanarayana read the messages. Sri Vittal Rai, head of the Adult Education Directorate proposed a vote of thanks.

Literary Works In Folk Language

Mysore, Oct. 9

While Sanskrit was the language of the elite in India in ancient times, Apabrahmamsa was the language of the common folk. The queens of some of the Rashtrakuta Kings came from Jubbalpore and their mother tongue was Apabrahmamsa. On this account, Apabrahmamsa came to occupy the place of the second language in Karnataka under the Rashtrakutas, said Sri M. V. Chitralingiah, Assistant Professor of Hindi, Mysore University while speaking at the Sarvabhasha Saraswathi Sangha here.

Many Jain works were written in Apabrahmamsa in order to reach the common folk. Jambu swamy Charivu or the Biography of Jambuswamy was one such work written by the poet Veerakavi who flourished during the 12th century AD, he said.

Prof M V Jambunathan, President of the Sangha, welcomed the gathering. Sri R. Krishnaswamy proposed a vote of thanks.

RSS To Stick To "Hindu Rashtra"

Mysore, Oct. 11

The Rashtreeya Swayam Sevak Sangh had no connection with politics, Sri H.V. Seshadri, RSS Provincial Organiser, reiterated here today.

Addressing a news conference, he said the main aim of the RSS was to awaken the people This was not possible by politics and politicians alone.

He made it clear that in the "Hindu Rashtra", which the RSS wanted to create, all persons, irrespective of their religion, will have equal opportunities, provided they were dedicated to the cause of this nation, culture and the ideals taught by greatmen who had taken birth here.

The scare created by some people regarding its aim of "Hindu Rashtra" was with a bad intention of catching votes, he criticised.

When questioned about the suggestion made by Sri Vajpayee, Sri Seshadri said that the RSS was not willing to change its name of "Hindu Rashtra".

RSS welcomed the present discussion that was going on in the country regarding the Sangh, he added.

Sri Ramanna said that the city unit of the RSS was conducting 25 mohalla meetings in the city from Oct. 5 to 15. About 120 volunteers were going round the city with a view to explain its stand, Literature was being distributed in Ashokapuram, Gandhinagar and other areas. Baha'i Holy Day Today

Mysore City, 20 10 79. The Baha'is of Mysore City will observe the 160th anniversary of the birth of the Bab, Prophet-Herald of the Baha'i Faith, on Saturday, October 20, 1979. The observance of the Baha'i Holy Day will be held on Saturday afternoon October 20, at Baha'i Centre, 4738, N R. Mohalla, Mysore at 5 p m. The Bab was born in Shiraz, Iran, (then Persia) in 1819 and His name means "The Gate". The Bab, considered by the Baha'is as Prophet. is also considered as the Herald of the Baha'i Faith. He announced the coming of Baha'u'llah, the Founder of the Baha'i Faith.

In 1844 the Bab proclaimed that He was the Prophet of God and the Herald of One Greater than Himself, Whose coming fulfils the prophecies of all the great religions and ushers in a new age. Because of His teachings, He and some 20,000 of His followers were persecuted and martyred. The Bab was only 30 years old at the time of His martyrdom in Tabriz, Iran.

The Bab's body was concealed by His followers for many years in Iran. Then with much difficulty and danger, His body was brought to the Holy Land and presently rests in the Shrine of the Bab at the World Centre of the Baha'i Faith on Mt. Carmel.

In 1863 Baha'u'llah (meaning "Glory of God") announced in Baghdad, Iran, that He was the one promised by the Bab. Because of His support of the Bab He was imprisoned, banished from Iran and eventually imprisoned in the Holy Land. Baha'is now reside in over 335 countries and territories. The teachings of the Bab and Baha'u'llah have been translated into more than 600 languages.

A Good Hindustani Concert

Mysore, Oct. 24

Under the auspices of the Nrupathunga Samskritika Sangha, Smt. Shakuntala Bai Gokhale, a student of Paluskar, gave a Hindustani music performance on Oct. 15 in the Government Training College Hall.

Smt Gokhale started with Madhuvanthi which she rendered in detail. Her trump cards were Ghazl and Marathi stage songs, in which she rose to heights. The impact of the stage on the Kannada stage songs can be assessed only by those who have seen the dramas of the days of A.V. Varadachar. They have a winning charm.

She then sang Tumri, Devaranamas, a song of Mira and ended with Bhairavi. Her voice was sweet and the flight of her Akaras in the different tempos possessed clarity. She was ably assisted by her husband Brig. Gokhale. He is by profession a doctor and volition a tabla player. It was a rare enlightened combination.

The Secretary of the Association, Sri S B Hunagunda, a technician, who is a good speaker, has developed harmonium as a hobby and gave very good support to the musician.

Fernandes' Public Meeting Marred

Mysore, Oct. 25

The hour-long public meeting organised by the Mysore Unit of Lok Dal was marred yesterday as the crowd kept booing and shouting slogans throughout the meeting and threw tomatoes, eggs and stones towards the dais, while Sri George Fernandes, former Industries Minister, was addressing.

The meeting began 90 minutes beyond schedule and when the City Unit President P. Mallesh rose to welcome the gathering, the crowd began booing and shouting.

As Sri Nanjesh Gowda, President of the State Lok Dal unit, stood up the crowd became restive. Some persons came near the dais and threw rotten tomatoes and eggs. In the midst of the din, Sri Gowda hurriedly completed his speech. Stones were hurled at the car of Sri Fernandes also.

As soon as Sri George Fernandes stood up, the crowd, mostly consisting of youngsters, began shouting slogans against him. There were stray incidents of stone throwing, in which, one person, who was sitting near the dais, was reportedly injured.

The police took into custody 16 demonstrators including Messrs R.Chandra Shekar and N.Venkatesh, who had earlier announced that the Janata Chaluvaligars would stage a demonstration. They were released later. The Krishnaraja Block Janata Party has condemned the arrests.

In the 50-minute speech, the Lok Dal leader said that his party would fight what he called as the Jan Sangh-Janata fascist forces with the same vigour as they had fought the authoritarianism of Smt. Indira Gandhi.

He strongly criticised RSS, Jan Sangh, Dr.Subramanya Swamy and Sri Jagjivan Ram and said that the division in the Janata Party was a historical necessity.

Vidyarthi Parishad Denies Hand In Disturbances

Mysore, Oct. 26

The Akhila Bharatiya Vidyarthi Parishad has condemned the reported allegation of the Lok Dal City Unit President that the Vidyarthi Parishad was responsible for the disturbances at the public meeting addressed by Lok Dal leader George Fernandes.

Parishad's State Vice-President K. V. Arkanath said in a statement yesterday that the allegation of the Lok Dal President was "irresponsible". The protest was a spontaneous reaction shown by a very large section of the gathering. There was nothing unusual about the wrath expressed towards a person who threw all principles into wind and joined a selfish gang of unscrupulous, selfish politicians whom they had loved and worshipped as their great leader till yesterday, he said.

Janata Chalavali leader R. Chandra Shekar has condemned the charge made by Sri Fernandes against the Janata Party that it had failed to fulfil its promises. If Janata could not achieve its objectives, it was only because of persons like Sri Fernandes, he said.

State Lok Dal Vice-President T. N. Nagaraj has blamed the RSS elements for the disturbances.

Protection Needed For Srirangapatna Temples

Sir,-On either side of the bathing ghat of the holy Cauvery South, near the Scott's Bongalaw in the historic town of Srirangapatna, are the temples of Sri Rama, Anjaneya and Ganapathi. Devotees and Archaks have to go to these temples through the road adjoining the Scott's Bungalow.

The Scott'sBungalow and the temples situated in the bathing ghat are in the same survey number as they were the public property under the care of ex-Rulers of Mysore.

An art gallery was also situated in a portion of this Bungalow and this has since been shifted to Jagan Mohan Palace, Mysore Now this Bungalow, worth more than a few lakhs, is occupied by foreignors, who have no Indian citizenship.

These foreignors have no interest of any kind in Indian culture and religious activities in the temples. Their Alasatian dogs and the servants cause a good deal of obstruction and trouble to the Archaks and devotees who visit the temple and bathing ghat for bathing and poojas, and also for taking out the procession of the idol of Sri Ranganathswamy during Maghamasa festivals

It is earnestly prayed that the benign, Government of Karnataka should immediately take possession of the Scott's Bungalow, bathing ghat etc for their restoration for following purposes:

Make available the bungalow for purposes of marriages and other public functions and for lodging tourists; put a stop to the troubles caused to the Archaks and devotees who vis't the ghat and the temples; and restore proper facilities to conduct the procession of the idol of Sri Ranganathaswamy to the Rangamantappa adjoining the Scott's Bungalow for 'Theerthasnanam' during Maghasnana festivals.

DEFEAT DEFECTORS_SN

Mysore, Nov. 1

It was good that some people who had joined the Janata Party for achieving their selfish objectives had left it, Janata Party leader S. Nijalingappa said here last night.

Addressing a public meeting at Town Hall maidan, he said that the Janata Party had become pure with these persons like Messrs Charan Singh, George Fernandes and Veerendra Patil leaving the party. People today were disgusted of these defectors and he was confident that they would teach them a lesson as they did to Smt. Indira Gandhi who tried to establish authoritarian rule in the country.

He said the voters today had a rare opportunity of making a Harijan as the Prime Minister of this country and thus fulfil the ambition of Mahatma Gandhi. He had come to appeal to them not to err by voting either to a party of defectors which was in power without any constitutional backing or to the party which had given to the people a taste of authoritarian rule.

State Janata Party H. D Deve Gowda described the claim made by Smt Indira Gandhi that Congress (I) alone could provide a stable Government as hollow. He claimed that Janata Party until the budget of Sri Charan Singh had brought down the prices of essential articles.

Deputy Leader of the Assembly Lakshmisagar criticised the grand manner in which Chief Minister Devaraj Urs was being felicitated on the Rajyotsava day, wasting lakhs of rupees.

General Secretary Vedantha Hemmige welcomed. City Janata President H. Kempe Gowda presided.

Plantation Near City

(From Our Correspondent)

Bangalore, Nov. 1

The Forest Plantation Corporation has successfully raised eucalyptus plantations over the last three years at Onkara (Ballegowdana Tiger Preserve) in Nanjangud and Gundlupet taluks.

This area formerly belonged to the Mysore Maharajas. It hardly receives 20 to 25 inches of annual rain fall and it is not conducive to plant growth. However, using the modern techniques like ripping, ridging, grading, manuring etc. the Corporation with the help of the trained staff of the Forest Department has been able to achieve this success. It hopes to continue raising plantations in the adjoining areas for another 10 years with the same success.

The Corporation came into exitence in 1971 with an authorised capital of Rs 3 crores with a view to develop the raw materials required for the fast-growing wood based industries in Karnataka. At present, it has concentrated its activities in Mysore and five other districts. Besides raising the fast growing Eucalyptus in about 50,000 acres, it has developed cocoa plantations in 1,200 acres and 20,000 acres under cashew.

The Karnataka Forest Cashew Development Corporation, a subsidiary of the Plantation Corporation, has approached the World Bank for an assistance of Rs 2 crores to raise cashew plantations in 5,000 acres

Kannada Alone Will Not Help, CM

Mysore, Nov. 2

While it was indisputable that Kannada should have the first place in Karnataka, it was necessary that Kannadigas should learn other languages also if they want to grow at the national level, declared Chief Minister Devaraj Urs here last night.

A committee of prominent citizens of the city and district accorded felicitations to the Chief Minister in a grand manner for introducing Kannada at the State-level from the Rajyothsava day.

Replying to the felicitations, Sri Urs said that if Kannadigas want to confine themselves within the boundaries of Karnataka then they could have Kannada alone. But a politician had to look at this issue from national and international angles. If a large number of Kannadigas had found jobs outside the State, it was becaus of their knowledge of English.

Citing his own example, the Chief Minister said that if he had known Hindi he would have outshone other politicians in the North and brought greater honour to Karnataka. Although Kamaraj was a national leader, he could not project himself effectively as he could not speak Hindi, he said.

Karnataka had developed so fast in the recent years, it had already secured fifth position among the States in the country. This credit should go to the people, for they had given a stable Government to the State. If the people continued to repose same faith in him in the coming years, he would assure them that Karnataka would have a pride of place in India, he said.

Noted Kannada Writer Gorur Ramaswamy Iyengar and H. M. Nayak paid glowing tributes to Sri Urs for naming the State as Karnataka and giving Kannada its due place. It was an historic occasion rejoiced by all Kannadigas, they said.

Dr. V. K. Gokak, who presided, expressed confidence that Sri Urs would be able to achieve his dream of uplifting the poor also in Karnataka.

Felicitation Committee President B. N. Kenge Gowda welcomed Dr. J. S. Paramashivaiah read the message of K V. Puttappa. Sri K. Gangadharan presented to the Chief Minister a silver replica of the inscription which was erected near the Regulated Market earlier in the day. General Secretary B. C. Lingiah proposed a vote of thanks

Conjugal Happiness And Astrology

Mysore, Nov. 2

While marriage is regarded as a mere contract by Western society it is considered as a sacred Samskara or sacrament by the Hindus. Incompatability of temper of the marriage partners is the rock which wrecks the harmonious and happy married life. The science of Astrology would throw sufficient light on this aspect and would render timely help in selecting one's life partner conducive to conjugal happiness, declared Sri A. Narasimha Sastry, the renowned Astrologer, while speaking at the Sarvabhasha Saraswathi Sangh here recently.

Marriage is to be looked upon not as the alliance of corporal bodies but as the alliance of souls Failure to realise this fact has been the cause of instability of marriages in the West. Though divorce is common, it does not necessarily lead to mental peace. On the other hand, as result of the marriage customs many Hindu marriages prove to be un happy A carefull study of the natural disposition and qualities of the bride and bridegroom before they enter into a matrimo nial a liance would be necessary and the Science of Asrology could furnish the necessary information in this regard. It would be relevant to emphasise that there is no deterministic philosophy or fatalism in Astrology. It throws light on the hidden future and thus forewarns one against any likely ills or dangers, he said

Reference to love marriages, birth control or family planning and such other modern practices are a'so to be found in ancient treatises on Astrology which should be studied in depth and with faith, said Sri Sastry

Earlier, M. V. Jambunathan, President of the Sangha, welcomed the gathering. Sri B S. Ramanna proposed a vote of thanks.

Vedic Way To Counter Pollution

Sir,-According to Sri M. S Parkhe, President of the Panchasadhan Prachar Kendra, Pune, the Vedic Rishis knew how to counter the air-pollution, and that the simple methods initiated by them are now being practised in the Western countries. The method is known as 'Agnihotra' (the sacrificial fire).

In this method, rice soaked in ghee (made from Cow's Milk) is put again and again in a fire of cow-dung cakes. While offering mantras, with six words each, are chanted. The whole ceremony takes place in a short time, at the exact time of sunrise and sunset everyday. The residue ash is useful as fertiliser, and retains the original flavour of the food-grains.

For those who believe in 'Agnihotra' method a 'Agnihotra Mandir' has been built at Khopoli where this ceremony is performed everyday at sunrise and sunset.

Melkote Centre To Promote Sanskrit Study

(From Our Correspondent)

Bangalore, Nov. 7

The Karnataka Government's financial assistance of Rs.5 lakhs to the Melkote Sanskrit Centre has been greatly appreciated by the Centre's new President, Dr. B.R. Seshachar.

Dr. Seshachar, son of a noted scholar, was formerly associated with Mysore and Delhi universities and has done yeoman research in scientific fields in many academies, both in India and abroad. He is a trustee of the International French Centre lacated at Paris.

Speaking to your reporter, Dr. Seshachar said mind and science played a leading role in developing body, mind, soul and brain. To support his argument, he quoted a neuro-scientist and Noble Laureate, Dr. John Ecples, who has worked a lot on this aspect. In his book "Self and His Brain", he amplifies his theory.

A trained mind arouses Bhakti which inculcates a spirit of learning We, in India, should work for maintaining Hinduism, which is slowly fading away. Science can play an important role in infusing the forgotten knowledge of Sanskrit, he said.

Speaking about the Melkote Sanskrit Academy, the noted scientist said that the main aim of the Centre was to study in depth the works of the Great Saint, Sri Ramanuja. There were a large number of devotees of Sri Ramanuja, besides a large number of works and manuscripts at several places The Academy's job was to collect them, compile them taking the assistance of these scholars. It was also intended to publish them not only in Sanskrit but also in Kannada and English languages, so that the vast amount of spiritual knowledge was made available to one and all.

Praising the great contributions made by Sri Sankara and Sri Madhwacharya, Dr Seshachar said that a comparative study of Sri Ramanuja with these two saints would help in better understanding of the spiritual knowledge In this task the scientists could play a leading part in inculcating new spirit and resurrect knowledge of science in human mind. He also stressed the need to encourage teaching of Sanskrit.

The State Government, apart from giving monetary assistance, has also given eight acres of land to the centre. The Government of India was also likely to assist the Centre.

A well equipped library to help research work and a big prayer hall which could also be used for holding conferences of national and international importance were proposed to be set up. Dr. Seshachar feels that the Melkote Centre could be a National-level Centre of Sanskrit learning.

Principles of Jainism Explained

Mysore, Nov. 8

The ultimate goal of man's life on this earth is, according to the Jains, self-realisation or knowing the true nature of one's self or Jiva. Jainism lays emphasis on the three fold practice of spiritual and moral discipline, namely, Samyak Darsana or complete faith in the guidance of Arhats or enlightened souls, Samyak Jnana or correct knowledge of the nature of Jiva and Samyak Sila or righteous conduct comprising of the five Mahavratas - Ahimsa or non-injury to all living things, Satya (tauthfulness), Astheya (non - stealing), Brahmacharya (continence) and Aparigraha (non-attachment to wordly things), said Prof. V. Muddalinganna, formerly Head of the Department of Sociology, Bangalore University while speaking at the Sarvabhasha SaraswathiSangha here.

Our likes and dislikes goad us to certain actions and also develop in us a persistent desire to enjoy the fruits thereof. This is known as Asrava or the flow of Karma which repeatedly pours into us and builds up a subtle body known as Karmana Sarira. The checking of this flow is called Samvara and the burning off or annihilation of the pastKarma is known as Nirjara. These two acts help us to conquer our likes and dislikes (raga-dweshas) arising out of Avidya or ignorance of the true nature of the Jiva or self. In fact Jina literally means one who has conquered one's likes and dislikes arising out of Avidya and has thus freed oneself from the bondage of Karma, he said.

Prof. M.V Jambunathan welcomed the gathering. Sri M. K. Jain, Superintendent, Regional College of Education proposed a vote of thanks.

"The Six Guilty Men"

Mysore, Nov. 12

Sri M. S. Gurupadaswamy, member of the Janata Party National Executive, today accused six persons as responsible for the present turmoil in the Indian politics.

Addressing a news conference, he said that it was these six leaders who caused the break-up of the Janata Party and forced the country to face a mid-term election.

He first named Prime Minister Charan Singh and said he was the "arch-conspirator" who caused the break-up of the Janata Party with the sole aim of becoming the Prime Minister.

His lieutenant, Sri Raj Narain, played a "devilish palitics" to fulfil the aspiration of Charan Singh.

The third of the "six guilty men" was Sri Madhu Limaye. It was Sri Limaye who said in 1977 that formation of the Janata Pary was a historic necessity. It wos the same person who said recently that the break-up of the Janata Party was a historic necessity. His was 'unprincipled and uncouth" politics charged Sri Gurupadaswamy.

Sri George Fernandes with his "chameleonic skuggery" had played no less a part in driving the country to the present uncertain political conditions, he said.

He also blamed President Sanjeeea Reddy and said he had played an "undignified role" in these affairs.

All these persons had played into the hands of Smt. Indira Gandhi and caused the democratic proces in the country to suffer a set back. Unless these six men were thrown out of politics the demoratic system would not be safe in the country, Sri Gurupadaswamy warned.

AYURVEDA NOT IGNORED, MINISTER

Mysore, Nov. 12

The main hurdle for the development of Ayurveda was that of securing enough money, Health Minister Margada Mallappa said here on Saturday.

Inaugurating the two day conference of the State-level Ayurvedic doctors, he said that if a sum of Rs one crore was provided, it would be possible to develop Ayurveda to the level of Kerala State. At present the Government was spending Rs 60 lakhs on Aurveda.

Seventy-five Ayurvedic hospitals run by the local authorities had been taken over. Before next March, 201 hospitals run by the local authorities would be taken over. This would include again a number of Ayurvedic hospitals the Minister said.

Sri Mallappa assured that the local candidates would be made permanent and a full time director for Ayurveda would be appointed soon. All the vacant posts in the Ayurvedic Colleges would also be filled up.

Sri B.N Kenge Gowda, MLA, presided. Dr. P. R Sitaram released the souvenir. Dr R B. Manakoji welcomed and Dr. T S Bharadwajan read the messages Dr. M.G R. Urs explained the grievances of the Ayurvedic doctors. Dr. L N Shastry proposed a vote of thanks

Overnight rains have made the roads slushy as a result of which a number of vehicles are stuck in the mud obstructing free movement of vehicles. After the Mahapooja which concluded around 4 a.m., people are being allowed into the temples for free darshan throughout the day.

The highest act of gallantry by Home Guard Mallikarjunaiah and the presence of mind of Lashkar Mohalla Sub Inspector Sethu Rao saved the lives of four passengers in the tragic ferry accident near Talkad on Monday, Police Superintennent L. Revanna Siddaiah said today.

Addressing a news conference this afternoon, he said that out of eight persons, including the boatman, in the country boat, the bodies Chikkathayamma (55) and a pregnant woman Savithri (20) were yet to be traced. Sixty-year old Raja Rao had died in the Talkad dispensary.

Boatman Siddaiah, who had reached shore safely, had been taken into custody. The boat was an unlicenced one and was bringing devotees fromMalangi to Talkad for Panchalinga Darshana, he said.

The Police Superintendent said that hearing the cries of the drowning passengers, the home guard and the sub inspector, who were coming from the other direction in an empty boat, went down stream instead of going to the actual place of the mishap. While the home guard repeatedly dived into the river and picked up the passengars, the Sub-Inspector on the boat resuscitated them.

The Home Guard, in particular, needed to be decorated with the highest award for gallantry for his act of bravery, Sri Revanna Siddaiah said.

Rain Up Set Talkad Arrangements, SP

Mysore, Nov. 22

Nearly three lakh people had the Panchalinga Darshana right from 4 a.m. till late in the night on the auspicious day of November 19 at Talkad, Police Superintendent L Revanna Siddaiah said yesterday.

Addressing a news conference, he explained the reasons why the elaborate arrangements made by the various departments of the Government had failed on that day causing great hardship to the record number of devotees who visited Talkad.

"No body had thought of the rain, particularly during this season", Sri Revanna Siddaiah said and added the incessant rains had completely up set the arrangements made in connection with the festivities Heavy downpour throughout day and night had caused a number of newly built culverts to give way, as a result of which a number of vehicles got stuck up on the way to Talkad. At one-point when a culvert gave way, two buses got stuck up and the one way movement of vehicles failed. This resulted in a traffic jam for several kilometers at a stretch, he said

During the three days from Nov 18 to 21, according to estimates, the KSRTC had made as many as 2,500 trips to Talkad. The private buses had made about 10,000 trips. Besides, people had come in about 20,000 cars and other vehicles. The roads had to take this load, the Police superintendent said.

He agreed that due to the heavy rush there were stampedes in the temples as many as a dozen times and a child and a woman had swooned. He however, denied that the police had made a lathi-charge. The police had handled as many as 1620 missing cases and 650 calls from the public, he added.

Principal Of Surrender To God

Mysore, Nov 23

A close study of the Ramayana of Sage Valmiki would reveal that one of the main principles explained therein is Saranagathi or complete surrender to God the Almighty. Narayana is the Supreme Being or the Lord of the Universe. He is the Creator, the Protector and the Destroyer of the Universe. Devotion to the Lord is one of the cardinal virtues. Anyone who recognises His greatness and completely surrenders to Him would be absolved of all sins and would attain salvation, said Sri T. Nigamantha Chakravarthy of the Southern Railways while speaking at the Sarvabhasha Saraswathi Sangha here recently.

It is significant to note that not only the indiviual who surrenders but also his kith and kin attain salvation; such is the plenitude of the Lord's grace, he said.

Outstanding Contribution By DFRL

Mysore, Nov. 27

The Defence Food Research Laboratory has made significant contributions in the development of "Combat Ration" required for the country's defence forces.

Very few civilian food items and very little of the civilian packaging can meet the stringet requirement of the defence services. The general requirements of food for the defence forces therefore require either extensive modifications or development of new items for the exclusive use of the Services. Generally, the ration items should be of convenience types or preserved items which can be consumed as such or with little preparation with a shelf life of not less than six months achieved either by proper processing, preservation or by packaging techniques.

Another important aspect in the development of special food items which has to be kept in mind is their preference for traditional items and a reluctance to accept any processed item which is so sophisticated that it cannot be identified with any traditional item either in appearance or in taste.

The above problem is further complicated if we consider the heterogenous composition of the Indian Service personnel who have varied taste and food preferences.

Bearing in mind these factors, the Defence Food Research Laboratory was established in Mysore in Dec. 1961 on a permanent basis. With its establishment the research and development activities related to food science and technology as applicable to Service interest and requirements received a new impetus and direction.

The Chinese aggression during this period also made the Services to realise the importance of Defence Food Research in terms of operational ration development and supply.

Looking back over the nearly two decades of its existence, Dr. P K. Vijayaraghavan, who has been associated with the Laboratory as its head ever since its inception, explained to a group of pressmen recently how the Institute had been able to make important contributions in the field

A few of the items developed by the Laboratory are precooked dehydrated rice, pulav, khichidi, dals vegetables and mutton curry mixes, dehydrated sambar, instant omlettee mix, AFD beverage powders, AFD prepared dishes, different dairy products like spiced lassi, fruit flavoured lassi, chutneys etc. These items have been found to have a shelf life of more than six months to one year either in cans or in simple flexible packaging

Other important contributions made by DFRL to the Services are the development of preserved and flavoured chapaties in flexi packs with a shelf life of more than six months short term preserved bread by using fung static wrappers, compressed ready-to-eat bars based on cereals, pulses, dehydrated fruits and flavouring substance, retort processed foods in flexi packs and a survival ration.

Defence Scientists' Work Commended

Mysore, Nov. 28

Dr. Raja Ramanna, Scientific Adviser to the Minister of Defence, here today suggested to organisations engaged in food research to take up research in radiated foods and try to popularise them.

Inaugurating the two-day symposium on "Flexible Packaging of Processed Foods" at the Defence Food Research Laboratory, Dr. Ramanna praised the contribution made by scientists working in defence organisations in various fields, including food research.

Besides building an indigenous tank recently, they had grown nutritious grass required for mules and vegetables at high altitudes like Leh, he said.

Dr. Ramanna suggested there should be participation of civilians in the progress of defence work and vice versa. He said any development in the defence laboratories, unless they were of secret in nature, should be made available to the civilians also. While praising the Defence Food Research Laboratory, he said it had more a specific role to play meeting the food requirements of the defence personnel.

Nuisance Of Touts At CITB, MLA

Mysore, Dec. 3

Middlemen had started operating in the City Improvement Trust Board, Sri D. Jayadevaraje Urs, MLA and President of City District Congress Committee, alleged here on Saturday.

Speaking to newsmen, he appealed to the Board Chairman to report the activities of these middlemen to the police so that their 'underhand' dealings could be prevented.

He said that the nuisance of these middlemen had increased because of the delay in allotment of sites to the public. The delay had arisen due to certain legal hurdles in acquisition of new areas required for formation of layouts.

Sri Urs said that the present ED hospital would be shifted to a new area near Metagalli. Out of the present 4.5 acres a little over one acre area had been given to the Royal English School and the remaining area would be utilised for construction of staff quarters for the K. R. Hospital employees.

OPTIMUM USE OF WATER URGED

Mysore, Dec. 3

The need to increase food production by proper utilisation of water for irrigation was emphasised by Sri S. P. Bhat, Managing Director, Mysore Power Corporation, this morning.

Inaugurating a two-day seminar on "Water Management for Food Production", organised by the Institution of Engineers, Mysore City Sub-Centre, Sri Bhat said that wastage of water during irrigation should be minimised so that even the tail enders got maximum water required for agricultural purposes.

He said the area under irrigation in the State had increased from 16 lakh acres to 50 lakh acres after the Independence It was estimated to go up to 110 lakh acres. This would cover more than 60 per cent of the agricultural land

Sri B V Balasubramanyam, Chairman of the Sub Centre who presided, also underlined the need for minimising the wastage of water.

In his welcome address, Sri B H Rajan said that by 2000 AD the food requirement of India would be 260 million tons now being produced It was worthwhile to note that the additional increase in food production during the past 26 years was only 50 million tons Thus there was a stupendous task ahead of us. Miraculous Powers Are Divine Gifts

Mysore, Dec. 5

By the benign grace of God the Almighty, a genuine devotee sometimes acquires supernatural powers. If these powers be employed either for self aggrandisement or for wanton exhibition, the efficacy will be lost Great souls therefore use them to perform miracles only when there is a serious challenge or when it becomes necessary to help a person in great distress, said Sri S. Narayaniah of the KSRTC while speaking at the Sarvabhasha Saraswathi Sangaa here recently.

Bharathi Naranappa, the only son of Bharathi Huchappa, Shanbhog of Beechanaballi Village was during his boyhood a good-for-nothing lout. His teachers found it impossible to impart to him any conventional education. But the boy was imbued with a genuine feeling of piety, and he used to sing in praise of his family deity, namely Madhwarayaswamy Later, however, by divine grace he acquired knowledge and skills which enabled him to compose pious songs or Keerthanas Once when a Muslim Tahsildar of Madcur challenged the Hindus to make the temple car move without being drawn by ropes etc if they had the spiritual power, Bharathi Naranappa prayed to God, and lo ! the car with the deity in it moved with great speed to the astonishment of all. The Tahsildar was silenced, said Sri Narayaniah

Prof. M V. Jambunathan, President of the Sangha welcomed the gathering. Sri R. Krishnaswamy proposed a vote of thanks

Mysore, Dec. 7

Sri D. Lingiah, Chairman of the City Improvement Trust Board, today expressed his unhappiness over the remarks made by Sri D Jayadevaraje Urs, MLA, regarding the functioning of the Board.

Addressing a press conference, he said that there was no need for Sri Urs to go to the press on this matter.

Sri Lingiah denied that the work of the Board as regards allotment of sites had slowed down and said that during the one and half years of his period as many as 3,200 sites had been distributed. This included 1,172 sites for the weaker sections. About 98 corner sites had been auctioned and 62 houses allotted.

Explaining the various schemes which were under different stages of progress, the Chairman said that he was carrying on his work quietly without aspiring for any publicity. This did not mean that the work of the Board had suffered. The Board had undertaken during the current year works totalling Rs 10 crores, he added

He admitted that due to the Urban Ceiling Act there was delay in acquisition of new areas for formation of layouts Steps had been taken to overcome the delay. As regards the presence of touts, he appealed to the public not to approach any middlemen, but to contact him directly. Those who wanted sites might register their names in the Board office, he said

DJ Urs Remark Turns Into A Controversy

Mysore, Dec. 8

The remarks made by Sri D. Jayadevaraje Urs, MLA and President of the City Congress Committee, regarding delay in allotment of sites due to certain legal hurdles in the Urban Ceiling Act and the presence of middlemen in the City Improvement Trust Board, has touched off a controversy.

It may be recalled here that at a press conference on Dec. 1, Sri Urs had made the above remarks and had expressed concern that the delay in allotment of sites might result in more slums in the city. He had also appealed to the CITB Chairman to prevent the activities of the middlemen.

On Dec.3, an "emergent meeting of the active Muslim workers" of the Congress Party was held. It is reported to have taken objection to the statement of Sri Urs.

The meeting, which was presided over by City DCC member S.N.R.Khaleel, has adopted a resolution strongly criticising Sri Urs for his "consistent anti Muslim attitude" and demanded his immediate resignation as the City Congress President.

Messrs Abdul Gaffar Khan, a member of the CITB, Abubakar, Secretary, Gujari Bazar, Basheer Ahmed, Taj Mohammed Khan, ex-Municipal Councilor Hakeem Shariff and Abdul Azeez Chand who spoke at the meeting criticised Sri Urs.

As already reported in these columns yesterday, at a press conference, CITB Chairman D Lingiah, while expressing his unhappiness over the statement of Sri Jayadevaraje Urs, explained the progress made during his chairmanship of one and half years, to prove that the CITB work had not slowed down.

Meanwhile, Mysore Citizens' Forum Joint Secretary Moktar Ahmed has described the allegations made by the Muslim members of the Congress Party as far form truth. Being the MLA of the area, Sri Azeez Sait, Minister for Tourism, should have sent the list of Muslim members to be included in the City DCC office bearers, he said in a statement yesterday.

The allegations had been made by the "hencmen" of Sri Sait with a view to mislead the Muslim voters, he has charged.

READERS' FORUM

Major Dhyan Chand

Sir, In the passing away of Major Dhyan Chand, our country has lost a very good sportsman and one of the best hockey players of international repute. As is customary, the President, the Prime Minister, and many other important personalities have expressed their grief. Glowing tributes have been paid to him which he richly deserves. His record of 400 goals scored in international matches against several countries is yet to be equalled.

The Government of India deserves to be congratulated for its fine gesture in making available a helicopter for his body to be flown to his home town, Jhansi. Goa's Lieut. Governor, Col. Pratap Singh Gill, also deserves to be congratulated for the fine gesture on his part in arranging remittance of Rs 5000 to this great sportsman to meet his medical expenses.

As a devoted hockey fan, I personally feel that the best service that can be done to this departed sportsman by the authorities connected with the All India Hockey Federation is not to give room for any politics in the field of hockey Players on their part should also behave themselves properly and ensure that the image of our country under any circumstances is not damaged abroad: We have many youngsters who are quite capable of regaining the prestige that we have lost in the Asian and World Cup Tournaments I am sure these youngesters will draw inspiration from this great sportsman and put India at the top in the hockey map of the world. I also join many others in praying for the departed soul to rest in peace.'

NEW RATION CARDS

Sir, - The present ration cards were issued in 1972, eight years ago. The pages are filled up with entries and the cards are torn. In is difficult to identify the names, the card number and the quota issued to consumers. The consumers have to quarrel with the societies daily. Many complaints have been given to the Rationing authorities to change the cards or issue fresh cards to the consumers but in vain

Therefore, I request the MLAs of our city to kindly give attention towards the issue of duplicate ration cards so that the present confusion could be avoided.

READERS' FORUM

Rev Mother Teresa

Sir,-We are really proud. in awarding the Nobel Peace Prize this year to you. two nations have been honoured, our own country India and your mother land Yugoslavia. Though you were born in Yugoslavia it is really our good fortune, perhaps the will of the Almighty, you decided to come to India and settle here to render dedicated service with dignity to the poorest of the poor. You have been rightly described as "Saint of the Gutters".

In awarding the Nobel Peace Prize to you the authorities concerned have taken a very wise decision and awarded the prize to you which you richly deserve. We are really happy to note that the award has come to you during the International Year of the Child 1979 You have saved the precious lives of so many orphan children.

We have been watching some V I Ps and organisations holding pointless functions and making pious sounding speeches on the plight of the poor children. You have proved that what is actually required is not speeches, assurances or slogans, but service, nothing but service, with dedication and devotion. It is our sincere prayer to Almighty to bless you with good health so that you may render many more fruitful years of service.

Nehruism Has Lost Relevance

—V.K Narasimhan

Mysore, Dec. 17

Nehruism was irrelevant to the present India, Sri V. K Narasimhan, Editor, "Deccan Herald", observed yesterday.

Delivering the H. C. Dasappa memorial lecture on "Nehruism-In Retrospect and Prospect", under the auspices of the H C. Dasappa institute of Public Affairs, he said that Nehruism was not a unique social or political philosophy. It was primarily taken by Nehru from Western countries and applied to Indian situation

According to him socialism too had lost all sense; different socialist countries having their own socialism. If Nehru were to alive today, perhaps he would have adopted a different system suited to the present India, he said.

Sri Narasimhan said India could ill afford to get herself involved in 'isms', but had to rethink about her problems and their solutions in the light of the circumstances today.

Here he advocated a concept of "Social Pluralism", both in economic and political spheres for solving the country's problems within the democratic framework.

Sri Narasimhan also paid tributes to Sri H. C. Dasappa.

Sri V. SiddharthaCharry former Ambassador, presided Prof B R. Pranesha Rao welcomed the gathering. Institute President P M Chikkaboriah proposed a vote of thanks.

A Challenge Not Accepted

Sir. The second cricket test between India and Pakistan was thrilling, but the brilliant efforts put in by Vengsarkar and Yashpal Sharma were not taken advantage for clinching the victory. We had plenty of time at our disposal. Pakistan in the test at Lahore during the last year was placed in identical circumstances. In fact the time at their disposal was also not to the extent as was available to us, but they proved their worth with a few more mandatory overs still to go and finally clinched the victory in their favour.

The Indian team is still lacking the requisite guts for "Bold approach". Well, the test is over. Our team threw away a possible chance of victory. Full marks to Asif Iqbal for his shrewd captaincy. Hearty congrats to Vengsarkar and Sikandar Bakht for their wonderful performance.

Thyagaraja : Divine Composer

Mysore, Dec. 17

Saint Thyagaraja was a musical composer par excellence. His compositions contain all the four essential ingredients, namely, a good literary form, exquisite melody, fine sentiment and high philosophical truths couched in simple and limpid language. If sage Valmiki is regarded as the author of literary Ramayana, saint Thyagaraja may be regarded as the composer of musical Ramayana since his compositions all deal with the same episodes of the Ramayana, said Veena Vidwan M. Cheluvarayaswamy while speaking at the Sarvabhasha Saraswathi Sangha here recently.

Even though Thyagaraja regarded Sri Rama as his personal God and therefore held Him in great reverence, he showed equal reverence to the other Gods of the Hindu Pantheon without any trace of rivalry among them, he said.

Sangeeta Vidwan T.R. Sreenivasan, accompanied by Sri Ravishankar on the Tambura, gave a fine rendering of some of Thyagaraja's keerthanas to the delight of the listeners.

Prof. M. V. Jambunathan welcomed the gathering Sri R Krishnaswamy proposed a vote of thanks.

Basic Unity of Philosophical Systems

Mysore, Dec. 19

The Paramatma or the Supreme Being is Omniscient and Omnipotent. Nobody can fully comprehend the qualities and powers of the Supreme Being. Even to comprehend these, God's grace is needed. Different schools of philosophy describe the Supreme Being in different ways in consonance with their view points, said Prof. V. T. Tirunarayana Iyengar, retired Professor of Sanskrit, Mysore University while speaking at the Sarvabhasha Saraswathi Sangha here recently.

The dictum 'Aham Brahmasmi' (I am Brahma) the Supreme Being is being interpreted by different Acharyas differently. When looked at from different angles the same object may appear differently. The same is true of the way in which God is perceived by different people. If we understand this basic principle, the apparent divergence of views propounded by the Adwaita, Dwaita and Vishishtadwaita schools of philosophy could be easily reconciled. The fundamental identity of the apparently different things does persist, he said.

Prof. M.V. Jambunathan, President of the Sangha welcomed the gathering. Sri K T Ramaswamy Iyengar, Retired DEO proposed a vote of thanks.

CAMPAIGN YET TO WARM UP

Mysore, Dec. 20

The Lok Sabha election in the Mysore Parliamentary Constituency is just 18 days away. But the electioneering is yet to gather momentum. Mysore is as quiet as it was without the blaring of the loudspeakers and the hour long speeches of the politicians.

This phenomenon is not peculiar to Mysore alone. Many parts of the country and the State are yet to wake up for the Lok Sabha elections. The low key campaign matches a feeling of general disillusionment and disinterest seen among the voters.

The first of the political parties to organise a public meeting in Mysore after the dissolution of the Lok Sabha was the Lok Dal. But its very first effort received a big set back. The meeting, held as early as on Oct. 25, was marred when a section of the crowd pelted stones and tomatoes at former Industries Minister George Fernandes.

A few days later, Prime Minister Charan Singh toured in the State for two days. His visit to Mysore, although earlier scheduled, was cancelled, because of the public reaction to the meeting addressed by Sri Fernandes.

It is only the Janata Party which has conducted three public meetings already - the first election meeting was addressed by Sri Nijalingappa and State Janata President H D. Deve Gowda on Oct. 31, the second on Dec. 8 which

was addressed by party candidate M. S. Gurupadaswamy on the occasion of the party workers' district-level conference and the third was recently by former External Affairs Minister Vajpayee. A large number of people heard Sri Vajpayee, braving the afternoon sun.

Surprisingly both the Congress and Congress (I) are yet to organise a public meeting of the level of the Janata Party. Although Chief Minister Devaraj Urs made a brief visit to Mysore last week, he did not address any big meeting. Similarly, Mysore has not found place in the itinerary of Smt Indira Gandhi, perhaps because she thinks Mysore is the stronghold of Sri Urs.

Except these public meetings, wall-writings and election posters are yet to make their apperance. Only a few cars are seen moving with their party flags. The Congress however appears to have started its campaign only from yesterday in a brisk manner. They held some six Mohalla meetings last evening. One reason given by City Congress President D. Jayadevaraje Urs for the low key campaign was that his Government's achievements are well known to the people and the peopole have faith in his party. So his party workers are holding more "group meetings" than public meetings.

The contest in Mysore has added significance to the future of the State's politics as Sri Urs has his personal stakes in Mysore which is his home district.

Although nine candidates are in the contest, the main fight is among AICC Treasurer H. D. Tulsidas Dasappa, who is representing Mysore since 1967; Janata leader and former Union Minister M.S Gurupadaswamy, who was defeated by Sri Tulsidas by a margin of about 42,000 votes in the last elections and Congress (I) candidate and former Industries Minister in the Veerendra Patil Cabinet M. Rajasekhara Murthy. Janata S, which has a poor base in the constituency, has fielded Sri Siddaramaiah a Vokkaliga.

READERS' FORUM

What Ails Janata Bazaar ?

Sir,- The Janata Bazaars in the city have become notorious for failing to stock articles of common use. When one goes for his monthly purchase, he expects to find all his requirements of one kind under one roof. This is found true in all private shops, but always found untrue in the Janata Bazaar. Several articles will invariably be missing there on any and all occasions, putting the customers to great hardship.

I have complained of this to the Manager of the new Janata Bazaar several times but without any effect. For instance, on 16-12-79, I found the following items missing there: shaving round in paper carton Super Swish silver or Erasmic stainless steel blades, Boroline. 501 or Sunlight for Sudha Bar Soap, Hamam soap cake Ranipal vinegar students' geometrical compass, milky white bulb, and gum bottle bigger size

If so many items are to be missing for which the customer has to go to another shop, why have this white elephant at public cost? What are so many high-salaried officials doing there? Are they on public pension ?
